Swimming with Elephants Sarah Bamford Seidelmann, 2017-01-01 A fascinating amusing and wise account of how someone born with a shaman's predilections raised in a rationalist culture finds her way back to her true self Martha Beck The New York Times bestselling author After 2 decades in the study and practice of medicine Sarah Seidelmann took a 3 month sabbatical to search for a way to feel good again Having witnessed human suffering early in her career and within her own family she longed for a way to address more than just the physical needs of her patients and to live in a lighter more conscious way *Swimming with Elephants* tells the eccentric sometimes poignant and occasionally hilarious experience of a working mother undergoing a bewildering vocational shift from physician to shamanic healer During that tumultuous period of answering her call Sarah met an elephant who would become an important spirit companion on her journey had bones thrown for her by a shaman in South Africa and traveled to India for an ancient Hindu pilgrimage where she received the blessing she had been longing for Ultimately she discovered an entirely different way of healing one that she had always aspired to and that enabled her to help those who are suffering From the lakes of Minnesota to the Ganges River in India Sarah Seidelmann's transformative journey from MD to shamanistic healer is a refreshingly honest and very funny tale of spiritual growth Matt Adrian author of *The Guide to Troubled Birds* This is an exceedingly vulnerable beautifully written book and the most genuine spiritual memoir I have ever read It is also in many hilarious moments laugh out loud funny Maria Bamford Comedian and star of Netflix Original Series *Lady Dynamite*
