Charlie Henry, 2017-06-15 The story of Kar Kraft began as did many others in the automotive industry with an axe to grind In 1963 Ford was seriously interested in purchasing Ferrari Ferrari was a legendary brand with considerable success in racing and Ford saw the acquisition as a great way to be instantly successful in the racing arena When Enzo Ferrari realized that Ford would not give him complete control of the racing program he backed out of the deal late in the process Ford had spent millions in vetting and audits which then set in motion a vengeful response against Ferrari The result was the unthinkable Ford beat Ferrari at Le Mans Ford wanted to become competitive quickly but it did not have the race history or resources in house To remedy the situation Ford searched the U K for an independent company to help accelerate its race car development It first settled on Lola Cars and set up Ford Advanced Vehicles Later Ford brought its LeMans effort to the U S and the Kar Kraft relationship was established Although Kar Kraft was technically an independent company it really only had one customer Ford Special Vehicles Kar Kraft s story doesn t begin and end with the GT 40 that took the win away from Ferrari at Le Mans Ford expanded upon the program and organized an all out assault on racing in general Cars were prepared for Trans Am NASCAR NHRA and Can Am competition Street versions of the Boss 429 were assembled under its roof And fabled prototypes including the LID Mustang Boss 302 Maverick and Mach 2C were all assembled in Ford s contracted race shop And then out of the blue its doors closed for good on a cold day in 1970 History tells us that Ford won Le Mans the Daytona 500 and the Trans Am championship But it doesn t tell us how this was accomplished Author Charlie Henry a former Kar Kraft employee has enlisted the help of many of his former co workers to bring you the very first book ever published on Ford s all encompassing special projects facility Kar Kraft p p1 margin 0 0px 0 0px 0 0px 0 0px font 12 0px Arial Mustang Randy Leffingwell, 1995 **Mustang Special Editions** Jonathan Klein, Jeffrey Klein, 2018-10-15 When Ford rolled out the Mustang in April 1964 it was an instant hit Even with its immense popularity it didn t stop Ford Corporate zone managers and dealerships from taking it an extra step further Just two short months later the first special edition Mustang debuted at the Indianapolis 500 tasked with pacing the race and it s been full throttle ever since This book examines more than 300 special edition Mustangs from 1964 through today Coverage includes factory offerings such as the 2001 Bullitt and SVT Cobras regional promotions including the Twister Special third party tuners such as Roush and Saleen and factory race cars including the 1968 1 2 Cobra Jets and the 2000 Cobra R You may find Mustangs in this book that you had no idea even existed Never has a volume this detailed and with this many model Mustangs been offered published The authors have taken their decades of research and logged them into a single compilation Each Mustang is accompanied by production numbers key features and photos of surviving cars whenever possible This book is sure to be a valued resource in your Mustang memorabilia collection p p1 margin 0 0px 0 0px 0 0px 0 0px font 12 0px Arial
