Black Theology--Essays on Global Perspectives Dwight N. Hopkins, 2017-06-15 Since its start in 1966 black liberation theology in the United States has continually engaged international developments with Africa and the entire world But after Nelson Mandela was released from prison in February 1990 there has been an almost twenty year break in books on black theology and international affairs Black Theology Essays on Global Perspectives bridges that post 1990 gap and makes a vital contact with Africa again This book conceptualizes black theology to take on the global reconfigurations and opportunities brought about by the rapidly shrinking earth of fast paced worldwide contacts In other words in the specificity of the genealogy of black theology we need to reforge ties with Africa This claim is based on tradition And in the generality of the larger worldwide intertwining of technologies and economics we need a new type of black theological leadership for the twenty first century This claim is based on today s international challenges The essays in this book draw on tradition and point forward in the midst of today s worldwide challenges and favorable possibilities given the closeness of all nations and the varieties of cultures

The Leadership Gap Lolly Daskal, 2017-05-30 Do people see you as the kind of leader you want to be? Are your strongest leadership qualities getting in the way of your greatness? After decades of advising and inspiring some of the most eminent chief executives in the world, Lolly Daskal has uncovered a startling pattern: within each leader are powerful abilities that are also hidden impediments to greatness. She's witnessed many highly driven overachieving leaders rise to prominence, fueled by well-honed skill sets, only to falter when the shadow sides of the same skills emerge. Now Daskal reveals her proven system, which leaders at any level can apply to dramatically improve their results. It begins with identifying your distinctive leadership archetype and recognizing its shadow: The Rebel, driven by confidence, becomes the Imposter, plagued by self-doubt; The Explorer, fueled by intuition, becomes the Exploiter, master of manipulation; The Truth Teller, who embraces candor, becomes the Deceiver, who creates suspicion; The Hero, embodying courage, becomes the Bystander, an outright coward; The Inventor, brimming with integrity, becomes the Destroyer, who is morally corrupt; The Navigator, trusted and is trusted, becomes the Fixer, endlessly arrogant; The Knight, for whom loyalty is everything, becomes the Mercenary, who is perpetually self-serving. Using psychology, philosophy, and her own experience, Daskal offers a breakthrough perspective on leadership. She'll take you inside some of the most cloistered boardrooms, let you in on deeply personal conversations with industry leaders, and introduce you to luminaries who've changed the world. Her insights will help you rethink everything you know to become the leader you truly want to be.

Zachary, 2020-02-26 This first comprehensive guide to helping mentors and mentees bridge gaps between and among cultures, a growing issue in today's diverse workplace, is coauthored by the founder and CEO of the Center for Mentoring Excellence.
