Johann Wolfgang von Goethe

Adam The Male Figure In Art:

Adam Edward Lucie-Smith, 1998-09-01 **Adam Male Figure in Art** Edward Lucie-Smith, 2001-01-01 With lavish illustrations and an incisive witty text Adam reveals a history of the male in art of every medium This book shows how the heroic nude traversed the centuries making Adam a fascinating and entertaining romp through the history of art and sexuality 250 illustrations most in color **Adam; the male figure in art** E. LUCIE-SMITH, 1998 **The Moment of Self-Portraiture in German Renaissance Art** Joseph Leo Koerner, 1993 So foundational is this invention to modern aesthetics Koerner argues that interpreting it takes us to the limits of traditional art historical method Self portraiture becomes legible less through a history leading up to it or through a sum of contexts that occasion it than through its historical sight line to the present After a thorough examination of Durer s startlingly new self portraits the author turns to the work of Baldung Durer s most gifted pupil and demonstrates how the apprentice willfully disfigured Durer s vision Baldung replaced the master s self portraits with some of the most obscene and bizarre pictures in the history of art In images of nude witches animated cadavers and copulating horses Baldung portrays the debased self of the viewer as the true subject of art The Moment of Self Portraiture thus unfolds as passages from teacher to student artist to viewer reception all within a culture that at once deified and abhorred originality **Psychoanalytic Perspectives on Art, V. 3** Mary M. Gedo, 2013-05-13 This new hardcover annual offers a unique scholarly format an interdisciplinary dialogue that it is hoped will foster the development of a sound useful methodology for applying psychoanalytic insight to art and artists The series provides a medium for those who study art those who interpret it and occasionally those who create it formally to explore the meaning of an artistic work as the direct reflection of the inner world of its creator Within each volume individual topics are addressed by either an art historian or a psychoanalyst with a response frequently tendered by an expert from the other field Reviews of important books of cross disciplinary interest are treated in a similar manner and include rebuttals by the authors themselves It is precisely this exchange of ideas among scholars with difference perspectives on the meaning of a work of art that sets PPA apart from the standard art history publication Its depth of scholarship coupled with its innovative format make it a fascinating addition to the burgeoning field of psychoanalytic studies of art history **Artist-Parents in Contemporary Art** Barbara Kutis, 2020-05-14 This book examines the increasing intersections of art and parenting from the late 1990s to the early 2010s when constructions of masculine and feminine identities as well as the structure of the family underwent radical change Barbara Kutis asserts that the championing of the simultaneous linkage of art and parenting by contemporary artists reflects a conscientious self fashioning of a new kind of identity one that she calls the artist parent By examining the work of three artists Guy Ben Ner El bieta Jab o ska and the collective Mothers and Fathers this book reveals how these artists have engaged with the domestic and personal in order to articulate larger issues of parenting in contemporary life This book will be of interest to scholars in art and gender gender studies contemporary art and art history *Rodin's Art* the late Albert E.

Elsen, Rosalyn Frankel Jamison, 2003-03-13 The late Albert Elsen was the first American scholar to study seriously the work of the French sculptor Auguste Rodin and the person most responsible for a revival of interest in the artist as a modern innovator after years during which the sculpture had been dismissed as so much Victorian bathos After a fortuitous meeting with the financier philanthropist and art collector B Gerald Cantor Elsen helped Cantor to build up a major collection of Rodin's work A large part of this collection consisting of more than 200 pieces was donated to the Stanford Museum by Mr Cantor who died recently In size it is surpassed only by the Musée Rodin in Paris and rivaled only by the collection in Philadelphia In scope the collection is unique in having been carefully selected to present a balanced view of Rodin's work throughout his life Rodin's Art encompasses a lifetime's thoughts on Rodin's career surveying the artist's accomplishments through the detailed discussion of each object in the collection It will begin with essays on the formation of the collection the reception of Rodin's work and his casting techniques The entries that follow are arranged topically and include extensive discussions of Rodin's major projects
