Understanding International Law Conway W. Henderson, 2009-11-25 *Understanding International Law* presents a comprehensive accessible introduction to the various aspects of international law while addressing its interrelationship with world politics. Presents well organized balanced coverage of all aspects of international law. Features an accompanying website with direct access to court cases and study and discussion questions. Visit the site at <http://www.wiley.com/go/internationallaw>. Includes discussion of the efficacy of international law, a topic unique among international law texts. Offers discussion of other topics that most texts do not address such as complete chapters on making the world safer, human rights, the environment and the world economy. *A History of the Book in America* David Paul Nord, Joan Shelley Rubin, Michael Schudson, 2015-12-01 The fifth volume of *A History of the Book in America* addresses the economic, social and cultural shifts affecting print culture from World War II to the present. During this period factors such as the expansion of government, the growth of higher education, the climate of the Cold War, globalization and the development of multimedia and digital technologies influenced the patterns of consolidation and diversification established earlier. The thirty-three contributors to the volume explore the evolution of the publishing industry and the business of bookselling. The histories of government publishing, law and policy, the periodical press, literary criticism and reading in settings such as schools, libraries, book clubs, self-help programs and collectors' societies receive imaginative scrutiny as well. The *Enduring Book* demonstrates that the corporate consolidations of the last half century have left space for the independent publisher that multiplicity continues to define American print culture and that even in the digital age the book endures. This book offers one of the rare systematic investigations of expanded choreography as it develops in

contemporaneity and is the first to consider expanded choreography from a trans historical perspective Through case studies on different periods of European dance history ranging from Renaissance dance to William Forsythe's choreographic objects and from Baroque court ballets to digital choreographies it traces a journey of choreography as a practice transcending its sole association with dancing moving human bodies War, Violence, Terrorism, and Our Present World Hares Sayed, 2017-05-30 Why Are We Facing Never Ending Terrorism Political violence and terrorism have been literally bleeding humanity throughout the world This book sheds light on terrorism highlighting the causes of this evil including religion wealth disparity poverty dysfunctional government and the crippling lending policies of international financial institutions In particular it highlights one major gray area not discussed by conventional writers the Colonial Legacy This book highlights every aspect of political development from the birth of new nations to the race for supremacy The impact of scarce mineral resources the role of religions the Shia Sunni turmoil in the Middle East and last but not least the militarization processes are all discussed Greed allows terrorism to take root and to be nurtured It leads the religious to be abused and innocent people to be victimized by war's profiteers Remaking Post-Industrial Cities Donald K. Carter, 2016-03-02 Remaking Post Industrial Cities Lessons from North America and Europe examines the transformation of post industrial cities after the precipitous collapse of big industry in the 1980s on both sides of the Atlantic presenting a holistic approach to restoring post industrial cities Developed from the influential 2013 Remaking Cities Congress conference chair Donald K Carter brings together ten in depth case studies of cities across North America and Europe documenting their recovery from 1985 to 2015 Each chapter discusses the history of the city its transformation and prospects for the future The cases cross cut these themes with issues crucial to the resilience of post industrial cities including sustainability doing more with less public engagement and equity social economic and environmental the most important issue cities face today and for the foreseeable future This book provides essential lessons learned from the mistakes and successes of these cities and is an invaluable resource for practitioners and students of planning urban design urban redevelopment economic development and public and social policy Katrina Andy Horowitz, 2020-07-07 Winner of the Bancroft Prize Louisiana Endowment for the Humanities Book of the Year A Publishers Weekly Book of the Year The main thrust of Horowitz's account is to make us understand Katrina the civic calamity not the storm itself as a consequence of decades of bad decisions by humans not an unanticipated caprice of nature Nicholas Lemann New Yorker Hurricane Katrina made landfall in New Orleans on August 29 2005 but the decisions that caused the disaster can be traced back nearly a century After the city weathered a major hurricane in 1915 its Sewerage and Water Board believed that developers could safely build housing near the Mississippi on lowlands that relied on significant government subsidies to stay dry When the flawed levee system failed these were the neighborhoods that were devastated The flood line tells one important story about Katrina but it is not the only story that matters Andy Horowitz investigates the response to the flood when policymakers made it easier for white New Orleanians to return home than for

African Americans He explores how the profits and liabilities created by Louisiana's oil industry have been distributed unevenly prompting dreams of abundance and a catastrophic land loss crisis that continues today Masterful Disasters have the power to reveal who we are what we value what we're willing and unwilling to protect New York Review of Books If you want to read only one book to better understand why people in positions of power in government and industry do so little to address climate change even with wildfires burning and ice caps melting and extinctions becoming a daily occurrence this is the one Los Angeles Review of Books

Inequality in America Stephen Caliendo, 2021-09-28 Why does inequality have such a hold on American society and public policy And what can we as citizens do about it Inequality in America takes an in-depth look at race class and gender based inequality across a wide range of issues from housing and education to crime employment and health Caliendo explores how individual attitudes can affect public opinion and lawmakers policy solutions He also illustrates how these policies result in systemic barriers to advancement that often then contribute to individual perceptions This cycle of disadvantage and advantage can be difficult though not impossible to break Representing and What Can I Do feature boxes highlight key public figures who have worked to combat inequality and encourage students to do the same The third edition has been thoroughly revised to include the most current data and cover recent issues and events such as Trump Administration policies the MeToo movement and U.S. Supreme Court decisions affecting issues of racial representation and voting rights Concise and accessible Inequality in America paves the way for students to think critically about the attitudes behaviors and structures of inequality New to the Third Edition New to the Third Edition Considers the heightened discussion of racial reckoning that has been occurring since the summer of 2020 Covers the disproportional effect to communities of color of the Covid-19 global pandemic and related recession Takes an early glimpse into Biden Administration priorities compared to Trump Administration policies on education immigration housing and urban development Updates feature boxes including a spotlight on U.S. Representative Alexandria Ocasio Cortez and Bryan Stevenson of the Equal Justice Initiative Discusses the January 6, 2021 riot at the U.S. Capitol the MeToo and TimesUp Movements and much more

Rhetorical Listening in Action Krista Ratcliffe, Kyle Jensen, 2022-06-06 RHETORICAL LISTENING IN ACTION A CONCEPT TACTIC APPROACH aims to cultivate writers who can listen across differences in preparation for thinking critically communicating and acting across those differences Krista Ratcliffe and Kyle Jensen offer a rhetorical education centered on rhetorical listening as it inflects other rhetorical concepts such as agency rhetorical situation identification myth and rhetorical devices RHETORICAL LISTENING IN ACTION spans classical and contemporary rhetoric reading key concepts through rhetorical listening and supported by scholarship in rhetoric and composition feminist studies critical race studies and intersectionality theory The book expands on how we think about and negotiate difference and the factors that mediate social relations and competing cultural logics Along the way Ratcliffe and Jensen associate creative and heuristic tactics with clearly defined concepts to give all writers methods for listening rhetorically to and
