Addor Architecte Franz Graf:

Georges Addor architecte (1920-1982) Franz Graf, 2015-10-01 Histoire matérielle du bâti et projet de sauvegarde
Franz Graf, 2014-05-28 Le bâti moderne et contemporain apparaît aujourd'hui comme le lieu même de l'exercice du métier d'architecte tant par son ampleur que par les interrogations théoriques qu'il soulève. Le projet d'architecture au plus près de l'existant se définit comme projet de sauvegarde c'est-à-dire la fois en tant que projet de conservation mais aussi de nouvelle matérialité. Il requiert un savoir-faire tout particulier quant aux techniques d'entretien raffiné de conservation de restauration voire de *weiterbauen* mettre en œuvre. L'histoire matérielle du bâti constitue son assise et elle impose une connaissance exhaustive des différents matériaux chantiers et systèmes constructifs développés au cours du XX^e siècle. Ce recueil d'essais et de réflexions critiques se propose de participer à la reconnaissance de cette discipline nouvelle que constituent la fois la connaissance de l'histoire matérielle et celle du projet de sauvegarde. Un savoir actif et vivant en lien étroit avec la pratique la recherche et l'enseignement en architecture. Sur la base d'une approche inédite mettant en lumière les contextures matérielles cet ouvrage de référence appelle l'élargissement de la recherche architecturale contemporaine au projet dans l'existant ainsi qu'aux considérations sur la préservation des qualités de notre bâti le plus récent.

Patrimoine en devenir France Vanlaethem, Michel Brunelle, 2012 La 4^e de couverture indique abondamment illustrer la suite d'une mission photographique menée à l'effort du Québec. Le livre vise à faire découvrir le patrimoine moderne. Retraçant les actions menées en sa faveur ici et ailleurs il permet de retracer quand et comment l'architecture novatrice du XX^e siècle s'est imposée comme un nouveau domaine patrimonial. Le cœur de l'ouvrage propose une sélection de ses éléments remarquables parmi lesquels se retrouvent des grandes œuvres de même que des édifices plus communs et des ouvrages de génie tous retenus pour leur double valeur historique et artistique. Quelques-uns bénéficient d'un statut dans le cadre de la Loi sur le patrimoine culturel du Québec alors que d'autres présentent seulement un fort potentiel patrimonial. Le livre s'adresse autant au grand public aux amateurs d'architecture et de patrimoine qu'aux gestionnaires et professionnels qui ont parmi leurs responsabilités leur avenir. Aussi il cerne quels sont les enjeux spécifiques que pose la conservation d'un bâti produit sous le signe de la novation en un temps où la foi dans le progrès social et technologique était encore solide. De plus l'ouvrage fait la synthèse de l'expérience acquise en matière de conservation du patrimoine moderne depuis une vingtaine d'années sur la scène internationale et il s'attarde aux réalisations architecturales locales qui y contribuent. Faire connaître apprécier et respecter le plus jeune des patrimoines bâtis du Québec tels sont les buts de ce livre publié à l'initiative de la Commission des biens culturels du Québec.

Honegger frères Franz Graf, 2010 Cet ouvrage étudie la production des frères Honegger Genève et s'interroge sur son devenir. Avec près de neuf mille logements de nombreux immeubles de bureaux édifices commerciaux ou artisanaux cette architecture la fois omniprésente et discrète au point de paraître banale est aujourd'hui la toile de fond de nos déplacements. S'intéresser aux bâtiments des frères Honegger c'est parcourir en tous sens le territoire genevois de l'ensemble de Montchoisy celui de Beaulieu en passant par

Constellation Grande Ourse Saint Jean de la cit Carl Vogt la cit Carroll de Lancy ou l'ensemble de Ballexert Ces réalisations nous replongent dans la ville des Trente Glorieuses celle de l'expansion urbaine qui répond une croissance démographique inédite après tant d'années d'immobilisme ville que les frères Honegger ont largement contribué à façonner

Right here, we have countless books **Addor Architecte Franz Graf** and collections to check out. We additionally pay for variant types and after that type of the books to browse. The welcome book, fiction, history, novel, scientific research, as skillfully as various additional sorts of books are readily within reach here.
