

TYPICAL REMOTE CONSOLE

ARMED Light (red): When lit, the burglary system is armed in one of its protective modes. When not lit, burglary protection is disarmed.

POWER Light (green): When lit, AC mains power is being provided to the system. Not lit indicates that AC mains power has been interrupted (the system will continue to operate for some time, using its rechargeable back-up battery). See "Power Failure Indications" on page 8.

BUILT-IN INTERNAL SOUNDER: A built-in sounder provides warning and confirmation sounds for the system.

CONSOLE DISPLAY AREA: An LCD (Liquid Crystal Display) indicates the status of the system at all times and also displays the nature and location of all abnormal occurrences.

KEYPAD: A 12-key digital keypad is used to enter all system commands, initiate emergency alarms, etc.

MODES OF OPERATION

DISARMING (when the ARMED light is on)

Disarming is accomplished by entering your 4-digit user code, then pressing the OFF key. Your keypad beeps once to indicate that the system is disarmed. *You must disarm the system within the entry delay period when entering through the entry/exit delay door (the keypad will beep slowly, reminding you to disarm the system), or an alarm will occur.*
