Evans, 2018-12-10 The first part of this book attempts to situate Jesus in his historical and cultural context through comparisons with the prayers parables prophecies and miracles attributed to various Jewish figures of Palestine who are Jesus' near contemporaries It is concluded that Jesus' teachings and activities do not represent a radical break with the piety and restorative hopes of many of his contemporaries This conclusion stands in tension with some of the recent Jesus research especially emanating from the Jesus Seminar which tends to view Jesus as a Stoic or Cynic philosopher with little interest in the restoration of Israel and the fulfilment of prophecy The second part of the book explores the aims of Jesus and the factors that led to Jesus' death This publication has also been published in paperback please click here for details *Publishers' Circular and Booksellers' Record of British and Foreign Literature*, 1901 The Friend, 1860

Keener, 2011-11-01 Christianity Today 2013 Book Award Winner Winner of The Foundation for Pentecostal Scholarship's 2012 Award of Excellence 2011 Book of the Year Christianbook.com's Academic Blog Most modern prejudice against biblical miracle reports depends on David Hume's argument that uniform human experience precluded miracles Yet current research shows that human experience is far from uniform In fact hundreds of millions of people today claim to have experienced miracles New Testament scholar Craig Keener argues that it is time to rethink Hume's argument in light of the contemporary evidence available to us This wide ranging and meticulously researched two volume study presents the most thorough current defense of the credibility of the miracle reports in the Gospels and Acts Drawing on claims from a range of global cultures and taking a multidisciplinary approach to the topic Keener suggests that many miracle accounts throughout history and from contemporary times are best explained as genuine divine acts lending
