Admiral Togo Arthur Lloyd,1905 **Admiral Togo** Arthur Lloyd,2015-06-30 Excerpt from **Admiral Togo The Kinkodo Publishing Co Tokyo Japan 1905** For the imperfections of the present volume I can only plead that I hope it may prove to be a first edition and that further studies and the publication of more detailed information may enable me at some future time to complete or at least to elaborate the biography of a great man in whom the whole world is interested The modest and retiring life which Admiral Togo has hitherto lived has made it difficult for the biographer to collect many picturesque incidents relating to his early years But modesty is one of the greatest of virtues and that he has always exhibited this virtue in so conspicuous a manner seems to be one of the elements which make the greatness of his character About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Nos. 1-7** ,1904 From Tokyo to Tiflis; Uncensored Letters from the War Fred Arthur McKenzie,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1905 edition Excerpt 328 CHAPTER XXXII A Japanese Triumph and After Japan has won her victories by the discipline of her soldiers the simplicity of their lives the selfsacrifice of the entire nation and by elaborate preparation Russia has lost so far as the war has yet gone despite the courage of individuals because she despised her enemy refused to prepare to meet her and believed that a policy of bluff and of bluster would carry her through The men who acted for Russia in the Far East before the

war betrayed the cause of the white races The war it is true is not yet over and the results are not as yet assured But even in the event of Japanese exhaustion and defeat the position of the Oriental cannot be the same in the future as before The Eastern races have learned the possibility of standing up successfully against the West and the lesson of Japan is being to day conned and absorbed by her neighbours What will a Japanese victory mean The English public save that part of it which has lived in the Far East is so fully convinced that all the right in this war is on one side that he who ventures to hint at anything to the contrary can scarce expect a sympathetic audience Yet I would point out a few root facts First the Japanese are essentially a military nation with the virtues and vices of such They are hardy proud supremely brave and have an unconquerable belief in their own might Men who have seen no distance below the surface talk glibly of Japan having thrown off her Orientalism In truth Japan is the most Oriental of all the nations and the most firmly rooted in the conviction of her own superiority For the moment it suits Japanese statesmen and publicists to take smilingly the patronage of the West But already in **Life of Admiral Togo** Naganari Ogasawara,1934 Admiral Togo Kōya Nakamura,1937
