Amazon Paul Smith, Alexander Monea, Maillim Santiago, 2022-11-28 Amazon is everywhere In our mailboxes in delivery vans clogging our streets in an increasing portion of our air traffic in our grocery stores on our televisions in our smart home devices and in the infrastructure powering many of the websites we visit Amazon's tendrils touch the majority of online retail transactions in the United States and in many other countries As Amazon changes the face of capitalist business it is also changing global culture in multiple ways This book brings together some of the most important analyses of Amazon's pioneering business practices and how they intersect with and affect the components of everyday culture Its contributors examine the political economy of Amazon's platform making the argument that it operates as an unregulated monopoly that is disruptive to the global economy and that its infrastructure and logistical operations increasingly alienate its workers and wreak many other social harms Our contributors outline the practices of resistance that have been employed by organizers ranging from Amazon employees to artists to digital piecemeal laborers working on Amazon's Mechanical Turk platform They examine the broader cultural impact that Amazon has had looking at things like Amazon Prime and the creation of unending consumption the absorption of Whole Foods and its brand of conscious capitalism and the impact of Amazon Studios and Prime Video on everyday film and television viewing practices This book examines the broader environmental impacts that Amazon is having on the world looking at the slow violence it incurs its underwhelming Climate Pledge and the regional impacts that its business practices have Lastly this book gathers together some important artistic responses to Amazon for the first time in an appendix that offers readers insight into other ways in which critics of the company are making their voices heard and attempting to move broader audiences into solidarity against Amazon *Amazon Unbound* Brad Stone, 2022-05-10 Portrait of the growth of tech company Amazon and the evolution of its billionaire founder Jeff Bezos

How to Resist Amazon and Why Danny Caine, 2022-09-20 When a company's workers are literally dying on the job when their business model relies on preying on local businesses and even their own vendors when their CEO is the richest person in the world while their workers make low wages with impossible quotas wouldn't you want to resist Danny Caine owner of Raven Book Store in Lawrence Kansas has been an outspoken critic of the seemingly unstoppable Goliath of the bookselling world Amazon In this book he lays out the case for shifting our personal money and civic investment away from global corporate behemoths and to small local independent businesses Well researched and lively his tale covers the history of big box stores the big political drama of delivery and the perils of warehouse work He shows how Amazon's ruthless discount strategies mean authors publishers and even Amazon themselves can lose money on every book sold And he spells out a clear path to resistance in a world where consumers are struggling to get by In depth research is interspersed with charming personal anecdotes from bookstore life making this a readable fascinating essential book for the 2020s *The Cost of Free Shipping* Jake Alimahomed-Wilson, Ellen Reese, 2020-09-20 Winner of the UALE Book Award 2021 Amazon is the
