Mess and Contemporary Performance Harriet Curtis, 2024-11-19 This book identifies and theorises mess in contemporary performance and argues that mess offers a site from which subjects might mobilise and find agency even as the complexity and indeed messiness of everyday life conditions and contains Using a queer feminist and intersectional critical framework this book analyses how established and emerging artists mess with and mess up capitalist tendencies towards productivity usefulness and efficiency Whilst the materiality of mess provides a starting point and emerges in many of the works analysed the implications of mess as related to vulnerability shame and resistance occupy a larger space in the book's chapters These performances are messy not only in content or style they reveal critical readings of how perceived as messy subjects and practices are shaped and regulated In attending to the public personal and structural uses of mess and emphasising the critical possibilities of what might otherwise be skipped over or cleared away this book develops and opens out shared understandings of mess as creative chaos and as a practice of political action or change This book will be of particular interest to students and scholars in contemporary theatre art and performance
