Business Analysis of Apple Inc Judith Zylla-Woellner, 2013-01-16 Seminar paper from the year 2011 in the subject Business economics Operations Research grade 2 0 Berlin School of Economics and Law Lord Ashcroft Institute of Management course MBA Seminar language English abstract The story of Apple Inc started in 1976 and has been characterized by a long line of successes especially in recent times However the news that Apple s Managing Director Steve Jobs has had to resign caused Apple stocks to drop by 5% down from 400 which shows how great an impact cofounder Steve Jobs had on the company and its destiny Nonetheless Apple continues to be the world s most valuable company 1 Apple Inc is an American multinational company which provides personal computers software and especially consumer electronics Today the company has 49 400 employees worldwide and managed to increase annual sales to 65 23 billion in 2010 2 Apple s winning mixture of extraordinary products great style and design grand strategy innovative marketing and inviting communications is basis of this paper s analysis Apple owes its overwhelming success in the last years to the iPhone iPod and iTunes product combination 3 Apple s success is inextricably linked to Steve Jobs Steve Jobs has been the great mind behind the company and one of the cofounders who turned Apple in one of the most innovative and successful companies 1 http://www.macnews.de/newsticker/steve_jobs_rucktritt_apples_aktienkurs_bricht_ein_239783 2 http://phx.corporateir.net/External_FileItem.UGFyZW50SUQ9Njc1MzN8Q2hpbGRJRd0tMXxUeXBIPtM%3D 3 www.apple.com **Apple Inc. - An Analysis** Md. Rajibul Hasan, 2013-01-15 Research Paper undergraduate from the year 2012 in the subject Business economics Offline Marketing and Online Marketing grade A University of Kent course Masters of Business Administration language English abstract This paper looks at Apple Inc which primarily operates in U S and involves in development design and marketing of computers portable digital music players and media devices It evaluates the macro environment in which Apple Inc is operating with the help of the PESTLE analysis Next it studies the strength and competitive positions of Apple Inc with the help of Porter s five forces analysis Later a SWOT analysis is conducted to understand the micro environment of Apple Inc Finally Comprehensive analyses of financial ratios and share performance are conducted to understand the financial condition and the stock performance of Apple Inc **Apple SWOT Analysis** Adam Tar, 2013-06-13 Research Paper undergraduate from the year 2013 in the subject Business economics Business Management Corporate Governance grade A Webster University course BUSN 6120 2R language English abstract When reflecting on technology and the progress that we have made in the last ten years it is hard to imagine where we would be today without it We as a society have integrated technology into our lives every single day A large part of this is due to the ability to connect to the world with our fingertips whenever and wherever we may be Whether we are surfing the web listening to music face timing with our friends and or loved ones or simply checking in on our social networks Technology has become a norm and a hygiene factor of our society that most of us could not live without Apple Inc and its former CEO Steve Jobs deserve a substantial amount of credit for

these changes They have led the way in innovation user friendliness and ascetically pleasing products that many have tried to contend with and have had no success Apple Inc has created a brand so powerful that their products themselves have become fashionable and almost a never ending trend Their brand loyalty is so deep that consumers will stand in lines for not hours but days awaiting the release of the newest product even if the changes that are made to it are minimal They are the first and only company to create a line of products that seamlessly integrate together and are accessible anywhere with a cellphone signal However many question the company s viability due to the recent passing of former CEO Steve Jobs Will Apple Inc be able to continue in its predecessor s footsteps Or will Apple Inc dwindle away like last years fashion trend This paper will examine Apple Inc using a SWOT Analysis and will bring to light Apple Inc areas of strengths weaknesses opportunities and threats

Apple Value Chain analysis Billy George,2014-03-14 Seminar paper from the year 2013 in the subject Business economics Operations Research grade B Monash University Melbourne language English abstract Value chain analysis goes a long way in the categorization of the value adding activities in an organization This aspect is important with the fact that firms now increasingly look towards the development of their Sustainable Competitive Advantage based on the value addition to the company s output at each level of the company Kaplinsky Morris 2001 As the value chain as explained later in this paper encompasses the entire organization classified as the inputs for the primary and secondary activities the proper analysis of the same is very crucial to the overall development of the organization and its long term sustainability in this competitive world The analysis of the value chain of the Apple Inc showed a very critical aspect in the manufacturing and production sector of the company This is due to the fact that Apple Inc does not have any manufacturing facilities to produce the hardware for its products They instead rely on the outsourcing of the manufacturing to Chinese corporations This can be very detrimental to the company in the long run Another aspect that could be improved is the Human resource aspect that makes a part of the support activity of the value chain Our recommendations would include to build manufacturing units to buffet the firm from external influences to make changes in the technology aspect by making the operating system open sourced and to have more robust human resource policies to make it very employee friendly
