Canadian Books in Print, 1993 *The Overrated Book* Henry H. Owings, 2006 Brought about by the staff of Chunklet Magazine a paragon of satire for the holy cows of underground music and culture Since the early 90s Chunklet has mercilessly lampooned the music industry and is one of the most beloved reads for the hippest bands and music aficionados The highly graphic style combines the work of political cartoonist Ted Rall with many talented young artists from the Cartoon network

Homeland Maternity Natalie Fixmer-Oraiz, 2019-03-02 In US security culture motherhood is a site of intense contestation both a powerful form of cultural currency and a target of unprecedented assault Linked by an atmosphere of crisis and perceived vulnerability motherhood and nation have become intimately entwined dangerously positioning national security as reliant on the control of women's bodies Drawing on feminist scholarship and critical studies of security culture Natalie Fixmer-Oraiz explores homeland maternity by calling our attention to the ways that authorities see both non reproductive and overly reproductive women's bodies as threats to social norms and thus to security Homeland maternity culture intensifies motherhood's requirements and works to discipline those who refuse to adhere Analyzing the opt out revolution public debates over emergency contraception and other controversies Fixmer-Oraiz compellingly demonstrates how policing maternal bodies serves the political function of securing the nation in a time of
