Rich-Hunt: The Backdated Options Frenzy and the Ordeal of Greg Reyes Roger Donway, 2012-06-01 Rich Hunt is the most comprehensive study to date of the interaction of business law and journalism in the backdated options episode It is a case study of prosecutorial misconduct and the tendency of the media to be an echo chamber for accusations against businesses But it is first and foremost the story of a man who excelled in business achievement Greg Reyes rose rapidly in the world of high tech to become CEO of Brocade at 36 and increased its revenues twenty fold within three years only to be felled by a miscarriage of justice In this deeply researched work Donway shows how Reyes became the victim first of a board made fearful by the power of regulators then of a frenzied media attack on backdated options and finally of prosecutors who charged him with fraud Despite the prosecutors failure to establish that someone was misled the central point required for a charge of fraud Reyes was convicted and sentenced to 18 months in prison and a 15 million fine A Question of Time Glenn Searfoss, 2023-05-09 I ask for your pardon Even now I hesitate to put pen to paper During my years chronicling the many amazing adventures of Sherlock Holmes I have never doubted their veracity But this time were it not for the results of my own feeble efforts at detection I would wholly attribute the events described as phantasms of a fevered dream suffered by Holmes or one of his more elaborate jests Flipping through my notes from that day leaves me perplexed Was any of it real That is for you the reader to decide J Watson On concluding a long day of house calls Dr Watson receives an urgent summons to attend his friend Sherlock Holmes He arrives at 221B Baker Street to find Holmes in a state of deep shock and wearing scorched clothing that reeks of excrement Fearing his friend may have been exposed to a virulent contagion Watson must race against time to retrace Holmes movements and discover the source of his debility a race that leads him to a cesspit amid the ruins of a fire gutted warehouse and a mysterious unburned area amid the charred timbers Back in his apartment a convalescing Holmes unravels the mystery by relating his encounter in the riverside warehouse with a time traveler who recounts his amazing exploits in the world's far future After promising to contact Holmes in two years the Time Traveler attempts to return to his own time but his time machine malfunctions resulting in a fire that eliminates all evidence of his existence Dazed and in deep shock Holmes manages to escape the flames and make his way back to his lodgings While Holmes recounting of the Time Traveler's adventures at first astonish and excite Watson the stream of strange events the Eloi the Morlocks the Palace of Green Porcelain world wide cataclysms and a far flung future devoid of human life make him doubt the story With the lack of physical evidence and only Holmes account of what transpired Watson hounded by demons from his own troubled past must determine if Holmes met an actual time traveler or if the related events

are a fabrication of Holmes fevered imagination A Question of Time pays homage to three great Victorian characters of literary fiction Sir Arthur Conan Doyle's Sherlock Holmes and Dr James Watson with a sly aside to a nefarious criminal and the Time Traveler of H G Wells The Time Machine

Claude Lanzmann's 'Shoah' Outtakes Sue Vice, 2021-04-22 As we approach the end of the era of the witness given the passing on of the generation of Holocaust survivors Claude Lanzmann's archive of 220 hours of footage excluded from his ground breaking documentary Shoah 1985 offers a remarkable opportunity to encounter previously unseen interviews with survivors and other witnesses recorded in the late 1970s Although the archive is all available freely to view online and includes extra footage of those who appear in Shoah this book focuses on the interviews from which no extracts appear in the finished film or in any subsequent release The material analysed features interviews with such significant figures as the former partisan Abba Kovner wartime activist Hansi Brand Kovno Ghetto leader Leib Garfunkel rescuer Tadeusz Pankiewicz and members of Roosevelt's War Refugee Board and focuses throughout on the efforts at rescue and resistance by those within and outside occupied Europe Sue Vice contends that watching and analysing this wholly excluded footage gives us new insights into the making of Shoah through what was left out Moreover she reveals that the near impossibility of rescue and often suicidal implications of resistance emerge through these excluded interviews as inextricable from the process of genocide She concludes by arguing that the outtakes show the potential for new filmic forms envisaged on Lanzmann's part in order to represent the crucial topics of attempted Holocaust rescue and resistance
