HOAX of Biblical Proportions Edward Hendrie, 2023-12-22 Satan knows that God has promised to preserve his words found in the Holy Scriptures so it would be futile for him to try to destroy them Thus Satan's strategy is to obscure God's words by flooding the world with counterfeit Bibles That way he can flimflam people into reading his corrupt Bibles instead of God's infallible Scriptures The devil can then lead men astray from the true gospel This book will prove that the Authorized King James Version of the Holy Bible is given by inspiration of God It will reveal how Satan is using profane Bible versions to divert the world away from God's inspired Holy Scriptures The changes in the new Bible versions are not merely cosmetic for ease of reading as claimed by the publishers they change doctrine The new Bible versions have demoralized churches by proclaiming a different Jesus and a different gospel from what is in God's inspired King James Holy Bible

The Coddling of the American Mind Greg Lukianoff, Jonathan Haidt, 2018-09-04 New York Times Bestseller Finalist for the 2018 National Book Critics Circle Award in Nonfiction A New York Times Notable Book Bloomberg Best Book of 2018 One of Bill Gates's Top Five Books of All Time Their distinctive contribution to the higher education debate is to meet safetyism on its own psychological turf Lukianoff and Haidt tell us that safetyism undermines the freedom of inquiry and speech that are indispensable to universities Jonathan Marks Commentary The remedies the book outlines should be considered on college

campuses among parents of current and future students and by anyone longing for a more sane society Pittsburgh Post Gazette Something has been going wrong on many college campuses in the last few years Speakers are shouted down Students and professors say they are walking on eggshells and are afraid to speak honestly Rates of anxiety depression and suicide are rising on campus as well as nationally How did this happen First Amendment expert Greg Lukianoff and social psychologist Jonathan Haidt author of The Anxious Generation show how the new problems on campus have their origins in three terrible ideas that have become increasingly woven into American childhood and education What doesn't kill you makes you weaker always trust your feelings and life is a battle between good people and evil people These three Great Untruths contradict basic psychological principles about well being and ancient wisdom from many cultures Embracing these untruths and the resulting culture of safetyism interferes with young people's social emotional and intellectual development It makes it harder for them to become autonomous adults who are able to navigate the bumpy road of life Lukianoff and Haidt investigate the many social trends that have intersected to promote the spread of these untruths They explore changes in childhood such as the rise of fearful parenting the decline of unsupervised child directed play and the new world of social media that has engulfed teenagers in the last decade They examine changes on campus including the corporatization of universities and the emergence of new ideas about identity and justice They situate the conflicts on campus within the context of America's rapidly rising political polarization and dysfunction This is a book for anyone who is confused by what is happening on college campuses today or has children or is concerned about the growing inability of Americans to live work and cooperate across party lines

Real Philosophy for Real People Fr. Robert McTeigue, .S.J.,2020 The philosopher Paul Weiss once observed Philosophers let theories get in the way of what they and everyone else know For many the very word philosophical has become all but synonymous with impractical Yet whether we like it or not almost every corner of our lives from dissertation writing to channel surfing brings us face to face with competing philosophies and world views each claiming to tell us definitively what it means to be human How can we know which one is right And what difference does it make To Robert McTeigue S J it makes every difference in the world Consciously or not we all have a world view and it decides how we live In this book McTeigue gives a funny and invigorating crash course in practical logic metaphysics anthropology and ethics equipping readers with a tool kit for breaking down and evaluating the thought systems some good some toxic that swirl around us and even within us In McTeigue classical philosophy finds a contemporary voice accessible to the layman and engaging to the scholar Real Philosophy for Real People is an answer to those philosophies that prize theory over truth to any metaphysics that cannot account for itself to anthropologies that are unworthy of the human person and to ethical systems that reduce the great dignity and destiny of the human person As the author insists A key test of any philosophy is Can it be lived With Thomas Aquinas this book teaches not only how to know the truth but how to love it and to do it

The Rise and Triumph of the Modern Self Carl R. Trueman,2020-10-26 Modern culture is obsessed with identity

Since the landmark Obergefell v Hodges Supreme Court decision in 2015 sexual identity has dominated both public discourse and cultural trends and yet no historical phenomenon is its own cause From Augustine to Marx various views and perspectives have contributed to the modern understanding of self In *The Rise and Triumph of the Modern Self* Carl Trueman carefully analyzes the roots and development of the sexual revolution as a symptom rather than the cause of the human search for identity This timely exploration of the history of thought behind the sexual revolution teaches readers about the past brings clarity to the present and gives guidance for the future as Christians navigate the culture's ever changing search for identity

The Abolition of Christianity Mark Walia, 2022-05-26 Thanks to a wave of militant secularism now sweeping across America and the entire Western World Traditional Christianity stands on the verge of destruction Secularism has already triumphed on multiple fronts be it abortion euthanasia homosexuality or the right to sexual freedom and aspires to further revolutionary changes including elimination of marriage the family and gender itself That is the provocative message set forth in Mark Walia's *The Abolition of Christianity* Tailor made for people of faith seeking to understand exactly why our culture has become so hostile towards Christian principles this lively book will also appeal to anyone who enjoys controversial material on religion and politics

Neo-/Victorian Biographilia and James Miranda Barry Ann Heilmann, 2018-06-27 Senior colonial officer from 1813 to 1859 Inspector General James Barry was a pioneering medical reformer who after his death in 1865 became the object of intense speculation when rumours arose about his sex This cultural history of Barry's afterlives in Victorian to contemporary neo Victorian life writing biographilia examines the textual and performative strategies of biography biofiction and biodrama of the last one and a half centuries In exploring the varied reconstructions and re imaginations of the historical personality across time the book illustrates not least with its cover image that the real James Barry does not exist any more than does the faithful biographical biofictional or biodramatic rendering of a life in a generically stable and discrete form What Barry represents and how he is represented invariably pinpoints the imaginative the speculative and the performative reflections and refractions in the looking glass of genre Just as James Miranda Barry as a subject of cultural inquiry comes into being and remains in view in the act of crossing gender so neo Victorian life writing constitutes itself through similar acts of boundary transgression Transgender thus finds its most typical expression in transgenre
