Clash of Democracies and Autocracies Can Democracies Be Saved? Ben Zechariah,2024-08-13 This is a short history of evolution of governance focused on the American and Swiss democracies Plato in his dialogues argued that by investigating what is behind the idea of democracy we may find its true form and function And thus by discovering its true form and function we could know how best democracy could become a well functioning reality By such inquiry the author tries to discover what was the vision of American forefathers for the American democracy when the American people were

incorporated as one indivisible nation under God defined by the United States Constitution in 1787 Today the clash of democracies and autocracies is being played out in Ukraine as its bloodbath being watched daily around the world This must be stopped by every means available and by every person who prefers democracy The pen after all was victorious against the most powerful empire of its day Why would it not work again in twenty first century s lightning speed of the enlightening Digital Age **International Business and Political Economy** D. Basu,V. Miroshnik,2015-03-30 This book is divided up into three sections The first deals with the problem of the World economy and the most important issues affecting the World economy The second analyses problem mainly affecting the developed countries The third analyses the issues in the developing countries particularly in the BRIC countries
