BMW 3-Series 50 Years Tony Lewin, 2025-11-04 Trace the 50 year success story of BMW's 3 Series in this luxuriously produced and stunningly illustrated volume. From its launch in 1975 with the 316, the 3 Series has moved from strength to strength, defining what it means to be a performance sedan, coupe, wagon. Beloved by enthusiasts worldwide, it is the series benchmarked by all other manufacturers. Whether daily driven, tracked or raced, BMW's 3 Series delivers the goods. BMW 3 Series 50 Years charts the 3 Series design and technical evolution from the 1970s to today, from the clean classic two-box design of the E21 and E30 to the handsome E46 to today's sophisticated G20. The book features a detailed history of the BMW 3 Series by automotive historian and industry analyst Tony Lewin, first person interviews with key designers and engineers, photography from BMW's archive as well as commissioned contemporary photography. Sidebars diving into interesting stories covering design-related models like the Z cars and the collector perspective. The 3 Series is a performance and competition story as well, with no car more storied or critical to BMW's reputation than its vaunted M3. Racing and M3s play out across the book's chapters, providing a performance perspective across the 3 Series 50 years. With decades of showroom performance and competition success, BMW's 3 Series in all its permutations shows no signs of slowing down. BMW 3 Series 50 Years details the full story in a lively volume deserving space in every enthusiast's collection.

Charleville Mansion Sahil Sharma, 2021-08-09 The sound was clearly that of water trickling, and I set it down to rain. A shower I told myself had filled the water pipes which drained the roof. Somehow I could not fix the sound. There was a water pipe against the wall just outside the window. I rose and drew up the blind. To my astonishment, no rain was falling, no rain had fallen. I felt the slate window still, some dew had gathered there, no more. There was no wind, no cloud, only a still moon high over the Shimla Hills. I went back to bed and listened again. Yes, the trickling sound continued, quite distinct in the silence of house, not to be confused for a moment with the dull murmur of the pine trees. After a while it began to grate on my nerves. I caught up my candle, flung my dressing gown about me and stole softly downstairs. Despite the chilliness of the night, there was something in the air. I jogged along the walk to the driveway and stepped around to the driver's side. Go ahead, I felt a strange sensation. The echoes of his voice died away slowly, all over the car. With thrilling twists and turns, read the story for some spine-chilling adventures with the spirits of Shimla. Here is a book that dims the light around you, that carries you relentlessly into the centre of its spell. A book that will make you afraid, almost too afraid to go on, and yet powerless to stop. Get ready to be spooked.

Letters From The Open Road (Vol. 1) Sidharth Sharotri, 2023-01-05 From the completely juvenile yet brilliant mind of Sidharth Sharotri comes a compilation of his serious automobile journalism work, which consisted of him driving posh cars and making up stories around them for newspapers. These highly technical reads, not at all technical articles, first appeared in a weekly motoring page called Honk in Deccan Chronicle and Asian Age between 2013 and 2015, which this author was exclusively entrusted with. Letters from the Open Road does exactly what his newspaper

articles did make the reader giggle a little bit while making them wonder if they should chase their own childhood dreams
