Vindiciae Contra Tyrannos Hubert Languet,William Walker,2020 Seeing then that kings are only the lieutenants of God established in the Throne of God by the Lord God himself and the people are the people of God and that the honor which is done to these lieutenants proceeds from the reverence which is born to those that sent them to this service it follows of necessity that kings must be obeyed for God s cause and not against God and then when they serve and obey God and not otherwise That sentence of God Almighty must always remain irrevocably true I will not give My glory to any other Is 42 8 that is no man shall have such absolute authority but I will always remain sovereign In 1572 Roman Catholic soldiers slaughtered thousands of French Huguenots for their Protestant faith This calamity forced many Protestants to ask whether taking up arms against a king was even lawful Many Christians thought that even in the case of persecution kings had absolute power and lesser magistrates had no right to resist them Vindiciae Contra Tyrannos is a powerful tract that makes a case for why Christians can sometimes lawfully resist and fight against tyrants and persecutors of the faith The apostles told the Jews that they needed to obey God rather than man when it came to the Gospel and to this day many Christians need to be reminded that men only derive their power from God and there are indeed times when resisting the authorities may be lawful and even biblically required This tract is thoroughly biblical and a great testament to the courage and convictions of our fathers in the faith
