Energy Efficient Gas Furnace

There are a number of reasons why the results of the study may not be generalizable to other populations. First, the study was conducted in a single institution, which may limit the applicability of the findings to other settings. Second, the study was conducted in a convenience sample of patients, which may limit the applicability of the findings to other populations. Third, the study was conducted in a single institution, which may limit the applicability of the findings to other settings. Fourth, the study was conducted in a convenience sample of patients, which may limit the applicability of the findings to other populations.
