Barths Moral Theology Human Action In Barths Thought:

Barth's Moral Theology John Webster, John Bainbridge Webster, 1998 This Book is an important study of Barth's theology of human action arguing that Barth's work cannot be properly understood unless his interest in human agency is fully appreciated Throughout Professor John Webster demonstrates the contemporary vitality of the style and content of Barth's theology Many of the studies introduce posthumous texts by Barth which have so far received little attention such as his lectures on Calvin and his ethics lectures but which substantially revise the received views of Barth's thinking about ethics and human action Developing from the author's earlier study of Barth's Ethics of Reconciliation CUP 1995 this book argues forcefully for Barth's work as a whole to be understood as moral theology Barth's Moral Theology John Webster, John Webster shows how Barth's work as a whole should be regarded as a moral theology He opens with a study of Barth's ethical thinking in key writings from the period of his break with theological liberalism and then highlights the moral anthropology set out in his lectures on ethics from the end of the 1920s He studies the themes of original sin hope and freedom in Barth's Church Dogmatics illustrating Barth's concern to prove that divine grace shapes and restores human agency He explores the theme of the missionary activity of the church in relation to Barth's remarkable treatment of the prophetic office of Christ He also draws a contrast between the moral anthropology of Barth and Luther Praise for BARTH'S MORAL THEOLOGY An excellent volume of essays which has succeeded in showing that Barth is neither indifferent nor hostile to human moral action but is profoundly concerned to understand it in its inextricable relation to divine action Roland Chia Epworth Review a well researched and closely rounded study of Barth's theology of human action The author concludes the book with two outstanding chapters first a profound comparison of Luther and Barth on human agency and second the influence of Barth and Luther on one of today's leading theologians Eberhard Jungel To be commended without hesitation John D Godsey Wesley Theological Seminary Interpretation Karl Barth's Moral Thought Gerald McKenny, 2021 Gerald McKenny follows Barth's efforts to present God's grace as a moral norm in his treatments of divine commands moral reasoning responsibility and agency **The Analogy of Grace** Gerald McKenny, 2010-03-18 Once considered inimical to ethics Karl Barth's theology is now rightly recognized for the central role ethics plays in it But can Barth be safely placed in the mainstream tradition of Christian moral theology or does he offer a challenge to the latter Gerald McKenny argues that the claim that God not only establishes the good from eternity but also brings it about in time is of fundamental importance to Barth's mature ethics The good confronts us from the site of its fulfilment in Jesus Christ who has accomplished it in our place The result is a vision of the moral life as a human analogy to God's grace a vision which contrasts with the bourgeois vision of the moral life as an expression of human capability Barth's moral theology is presented here as the attempt to reorder ethical thought and practice in light of this fundamental claim This lucid and well argued study is the most comprehensive treatment of Barth's ethics to date offering a thorough account of the development of Barth's ethical thought

and a wide ranging analysis of its chief concepts and arguments McKenny explains why certain widespread assumptions about Barth's moral theology are mistaken and explores the rich complex and often surprising ways in which Barth's position engages the traditions of Christian ethics and modern continental moral thought Above all McKenny shows why Barth's moral theology deserves our attention in spite of or rather because of its uneasy fit in the mainstream tradition of Christian moral theology

Ethics with Barth: God, Metaphysics and Morals Matthew Rose, 2016-05-23 Although interest in the theology of Karl Barth is greater today than at any time since his death Barth's moral thought continues to be widely misunderstood This groundbreaking study of the twentieth century's most important Christian thinker offers the first treatment of Barth's ethics from a Roman Catholic perspective Focusing particularly on Barth's ethics of creation in the Church Dogmatics Rose reclaims Barth from a number of misinterpretations and presents Barth's account of the good life within his distinctively Christian metaphysics Among the most provocative of Rose's claims is that Barth sees the Christian life as guided by reason and nature an interpretation that finds Barth in conversation with ancient and medieval ethical theories about the nature of human happiness A significant contribution to Barth studies and current debates in contemporary Christian theology Ethics with Barth sheds valuable light on the connection between metaphysics and ethics the trinitarian dimensions of Christian moral thought the nature of the divine good the role of Christian philosophy Barth's conception of moral reasoning and his views on eudaimonism and the natural law

Karl Barth and the Making of Evangelical Theology Clifford B. Anderson, Bruce L. McCormack, 2015-01-15 Swiss theologian Karl Barth traveled to the United States only once during his long career In 1962 newly retired he came to visit family and to deliver a series of lectures subsequently published by Eerdmans as Evangelical Theology An Introduction which remains in print and widely read to this day Besides recounting some delightful and poignant biographical details about Barth's two month journey through the States the authors of this book revisit central themes in Barth's mature theology and explore the theological and ethical significance of his Evangelical Theology Even more the distinguished scholars contributing to this volume assess contemporary North American theology and show how Barth's Evangelical Theology remains as bracing powerful and relevant today as it was fifty years ago Contributors David W Congdon Jessica DeCou Hans Anton Drewes Kevin W Hector George Hunsinger Cambria Janae Kaltwasser Gerald McKenny Daniel L Migliore Adam Nider Peter J Paris Katherine Sonderegger

Barth and Bonhoeffer as Contributors to a Post-Liberal Ecclesiology Tom Greggs, 2021-12-16 This volume uncovers Barth's and Bonhoeffer's influences on one another and reads them side by side revealing the insights both theologians bring to today's secular and religious context Greggs addresses the meaning and the extent of salvation God's relation to time and eternity sin and confession and inter faith dialogue for a church that critiques its own practice of religion This is a lively exploration of the implications of two great theologians work for a completely secular and religious world

Karl Barth's Christological Ecclesiology Kimlyn J. Bender, 2013-10-10 Many of Barth's theological themes such as

revelation and election have received numerous scholarly examinations whilst Barth's doctrine of the church has been largely ignored. Yet Barth entitled his massive systematic theological opus the Church Dogmatics and the church was a central element of his thought from first to last. This book seeks to fill a lacuna in studies of Barth's theology presenting the first comprehensive examination of Karl Barth's doctrine of the church in over three decades. Kimlyn J. Bender examines Barth's ecclesiological thought from his early theological treatises to his massive unfinished dogmatics in light of his interaction with both Roman Catholicism and Protestant Liberalism. A special emphasis is placed upon Barth's mature ecclesiology in the Church Dogmatics.

Community, State, and Church Karl Barth, 2004-10-05 Karl Barth was the master theologian of our age. Whenever men in the past generation have reflected deeply on the ultimate problems of life and faith they have done so in a way that bears the mark of the intellectual revolution let loose by this Swiss thinker. But his life was not simply one of quiet reflection and scholarship. He was obliged to do his thinking and writing in one of the stormiest periods of history and he always attempted to speak to the problems and concerns of the time. In June 1933 he emerged as the theologian of the Confessional movement which was attempting to preserve the integrity of the Evangelical Church in Germany against corruption from within and terror from without. His leadership in this struggle against Nazism also made it necessary for him to say something about the totalitarianism that the Soviet power was clamping down upon a large part of Europe. In this indirect way a Barthian social philosophy emerged and this theologian who abjured apologetics and desired nothing but to expound the Word of God was compelled by circumstances to propound views on society and the state that make him one of the most influential social thinkers of our time. David Haddorff is Associate Professor of Theology and Religious Studies at St John's University New York. He is the author of several articles and reviews and the book Dependence and Freedom: The Moral Thought of Horace Bushnell 1994. Barth, Origen, and Universal Salvation Tom Greggs, 2009-05-14 Barth Origen and Universal Salvation offers a bold new presentation of universal salvation. Building constructively from the third century theologian Origen and the twentieth century Swiss theologian Karl Barth, Tom Greggs offers a defence of universalism as rooted in Christian theology, showing this belief does not have to be at the expense of human particularity, freedom and Christian faith. Examining Barth's doctrine of election and Origen's understanding of apokatastasis, Greggs proposes that a proper understanding of the eternal salvific plan of God in the person of Jesus Christ points towards universal salvation. The relationship between the work of the Spirit and the Son in salvation is central to this understanding. Universal salvation is grounded in the person of Christ as himself historic and particular and the Spirit makes the reality of that universal work of Christ present to individuals and communities in the present. The discussion includes creative suggestions for the political and ecclesial implications of such a presentation of salvation.
