author of On the Origins of War and the Preservation of Peace

Between War And Peace Lessons From Afghanistan To Iraq

Kathleen Armour

Between War And Peace Lessons From Afghanistan To Iraq:

Between War and Peace Victor Davis Hanson, 2007-12-18 In his acclaimed collection *An Autumn of War* the scholar and military historian Victor Davis Hanson expressed powerful and provocative views of September 11 and the ensuing war in Afghanistan Now in these challenging new essays he examines the world's ongoing war on terrorism from America to Iraq from Europe to Israel and beyond In direct language Hanson portrays an America making progress against Islamic fundamentalism but hampered by the self hatred of elite academics at home and the cynical self interest of allies abroad He sees a new and urgent struggle of evil against good one that can fail only if we convince ourselves that our enemies fight because of something we rather than they did Whether it's a clear cut defense of Israel as a secular democracy a denunciation of how the U N undermines the U S a plea to drastically alter our alliance with Saudi Arabia or a perception that postwar Iraq is reaching a dangerous tipping point Hanson's arguments have the shock of candor and the fire of conviction

Afghanistan, Iraq and Post-conflict Governance A. Imtiaz Hussain, 2010-01-01 A comparative study is made of how conflict terminating negotiations led to maiden democratic elections in Afghanistan and Iraq pointing various thresholds out through specific chapters invoking negotiations theories stages to deepen interpretations and prospecting the Bush Doctrine's future mileage in democratizing the Middle East

Afghanistan at War Tom Lansford, 2017-02-16 Covering wars and conflicts of Afghanistan from the modern founding of the country in the 1700s to the contemporary struggle with the Taliban this single volume reference analyzes the causes and results of Afghanistan's wars and examines leading political and military figures weapons and tactics Afghanistan has been embroiled in war and conflict throughout the latter part of the 20th century as well as the current millennium but due to its location at the crossroads of Central Asia Afghanistan has also endured repeated conquests throughout its turbulent earlier times Examining Afghanistan's long military history through this book will enable readers to grasp the wider sociopolitical history of the country appreciate the impact of these wars on Southwest Asia and superpowers such as Great Britain the Soviet Union and the United States and understand why Afghanistan remains a controversial battleground today The alphabetically organized entries examine the major wars and conflicts of Afghanistan from the modern founding of the country during the Durrani Dynasty in the 1700s through the contemporary struggle with the Taliban The book spotlights the role of key individuals in starting pursuing or ending conflicts as well as their broader contributions to or negative impact on Afghanistan and the international arena The work also presents essays that examine key subtopics such as weapons tactics ethnic groups religion and foreign relations This allows the reader whether a student scholar or member of a nonacademic audience to examine a topic in depth and see how the event figure or movement fits into the broader history of Afghanistan

America's War against Global Jihad William R. Nester, 2018-03-06 A specter haunts America the specter of Global Jihad Islamic Holy War This specter was never more horrific than on September 11 2001 when nineteen fanatics hijacked four jetliners and used them as guided missiles to

destroy the twin World Trade Towers damage the Pentagon murder nearly 3 000 people and cause as much as several hundred billion dollars worth of direct and indirect damage to New York City and the national economy But Jihadists have periodically attacked Americans ever since November 1979 when mobs shouting death to America overran the American embassy in Tehran and held 52 officials hostage for 444 days President George W Bush responded to the September 11 atrocities by declaring a global war on terror Now in its second decade that war has cost the United States thousands of lives and trillions of dollars Americans are haunted by horrific televised images from across a swath of the Muslim world of bomb blasted cities hundreds of slaughtered bodies thousands of refugees huddled in squalid camps and American journalists in orange jump suits kneeling in the desert before the black robed and masked men who will behead them Americans increasingly question whether the global war on terror has been worth those costs for their own nation and the lands where it is fought This book analyzes America s crusade against Jihadism The key related questions it addresses are these Looking back what were the successes and failures of Washington s counter Jihadist strategy before and after September 11 Looking ahead should Americans stay the course or cut their losses in Iraq Afghanistan and elsewhere Was the catastrophic September 11 attack a one time event or could its equivalent or worse in death and destruction happen again Renowned Harvard professor Samuel Huntington asserted that The underlying problem for the West is not Islamic fundamentalism it is Islam a different civilization whose people are convinced of the superiority of their culture and are obsessed with the inferiority of their power Is that true Just what of Muhammad s words and deeds if any justifies the barbarism of al Qaeda Islamic State and other Jihadists Finally just how corporeal is that specter of global Jihad to the United States A startling surprise awaits the reader in the final chapter as acclaimed expert William Nester weighs the specter of global Jihad against an array of other national security threats

The Ashgate Research Companion to Modern Theory, Modern Power, World Politics Nevzat Soguk, Scott G Nelson, 2016-04-28 Deliberately eschewing disciplinary and temporal boundaries this volume makes a major contribution to the de traditionalization of political thinking within the discourses of international relations Collecting the works of twenty five theorists this Ashgate Research Companion engages some of the most pressing aspects of political thinking in world politics today The authors explore theoretical constitutions critiques and affirmations of uniquely modern forms of power past and present Among the themes and dynamics examined are textual appropriation and representation materiality and capital formation geopolitical dimensions of ecological crises connections between representations of violence and securitization subjectivity and genderization counter globalization politics constructivism biopolitics post colonial politics and theory as well as the political prospects of emerging civic and cosmopolitan orders in a time of national religious and secular polarization Radically different in their approaches the authors critically assess the discourses of IR as interpretive frames that are indebted to the historical formation of concepts and to particular negotiations of power that inform the main methodological practices usually granted primacy in the field Students as well as seasoned

scholars seeking to challenge accepted theoretical frameworks will find in these chapters fresh insights into contemporary world political problems and new resources for their critical interrogation

The War on Terror Encyclopedia Jan Goldman Ph.D.,2014-10-07 This fascinating reference chronicles the individuals operations and events of the War on Terror around the world exploring its causes and consequences through the lens of policy doctrine and tactics of combat The War on Terror is more than a political movement to identify and prosecute terrorists it has become a cornerstone of economic and military importance This campaign has shaped policy in the Middle East prompted uprisings of Islamic fundamentalists against the West and redefined the ideology of warfare This single volume encyclopedia provides readers with more than 200 engaging entries on the myriad events key individuals and organizations that have played a major role in the War on Terror The A Z entries define the policies and doctrines describe the armies battlefields and weapons employed and profile the figures whose actions and decisions set the course of history The expert contributors decode military jargon for non specialist readers and explain the unconventional tactics used in the War on Terror shedding light on the reason behind the attacks the political maneuvering of the leaders involved and the internal conflicts and external clashes that drove terrorists to settle all over the world The book also includes detailed essays on the impact of the September 11 attacks on U S foreign policy presidential powers and public opinion

Encyclopedia of Terrorism Peter Chalk,2012-11-21 A valuable up to date reference tool for understanding the latest developments in national and international terrorism one of the most pressing security challenges facing the world today Terrorism has emerged as one of the main foreign and national policy challenges of the 21st century Encyclopedia of Terrorism provides comprehensive coverage of the events individuals groups incidents and trends in terrorism in the modern era This essential work presents accurate concise and crucial information on developments since the watershed events of September 11 2001 providing readers with an invaluable reference tool for understanding major developments that have occurred in domestic and international terrorism The work is fully cross referenced to provide a comprehensive research tool for high school students academics security analysts and other readers interested in the study of terrorism

Brill's Companion to Insurgency and Terrorism in the Ancient Mediterranean Timothy Howe, Lee L. Brice,2015-11-24 In Brill's Companion to Insurgency and Terrorism in the Ancient Mediterranean Tim Howe and Lee Brice challenge the view that these forms of conflict are specifically modern phenomena by offering an historical perspective that exposes readers to the ways insurgency movements and terror tactics were common elements of conflict in antiquity Assembling original research on insurgency and terrorism in various regions including the Ancient Near East Greece Central Asia Persia Egypt Judea and the Roman Empire they provide a deep historical context for understanding these terms demonstrate the usefulness of insurgency and terrorism as concepts for analysing ancient Mediterranean behavior and point the way toward future research

Carnage and Connectivity David Betz,2015 Charts the evolution of military power in the digital age from conventional warfare to cyberwar and examines its implications

Parameters ,2004
