Beyond Sectarianism Re Imagining Church World Christian Mission Modern Culture

Jeppe Bach Nikolajsen

Beyond Sectarianism Re Imagining Church World Christian Mission Modern Culture:

Beyond Sectarianism Philip D. Kenneson, 1999-06-01 The author sets forth a model that suggests that the church's role in contemporary society is to serve a contrast society. In this model, the church is animated by a different spirit than that which animates the world. *Mennonites and Media: Mentioned in It, Maligned by It, and Makers of It* Steven P.

Carpenter, 2014-12-31 Anabaptists and Mennonites have often been the subject of media scrutiny, sometimes admired at other times maligned. Luther called them *schwärmär*, a German word meaning fanatics that alludes to a swarm of bees. In contrast, American independent film producer John Sayles drew inspiration from Mennonite conscientious objectors for his 1987 award-winning film *Matewan*. Voltaire's *Candide* features a virtuous Anabaptist. Oscar Wilde's play *The Importance of Being Earnest* contains an Anabaptist reference. An Anabaptist chaplain is central to Joseph Heller's antiwar classic *Catch 22*. President Lincoln and General Stonewall Jackson both had something to say about Mennonites. Garrison Keillor tells

Mennonite jokes. These are just a few of the dozens of fascinating media references dating from the early 1500s through the present which are chronicled and analyzed here. Mennonites, although often considered media shy, have in fact used media to great advantage in shaping their faith and identity. Beginning with the *Martyrs Mirror*, this book examines the writings of Mennonite authors John Howard Yoder, Donald Kraybill, Rudy Wiebe, Rhoda Janzen, and Malcolm Gladwell. Citing books, film, art, theater, and Ngram, the online culturomic tool developed by Harvard University and Google, the author demonstrates that Mennonites punch above their weight class in the media and especially in print. **George Lindbeck and The Israel of God**

Shaun C. Brown, 2021-07-02 George Lindbeck lamented that his most widely read work *The Nature of Doctrine* had often been read apart from his ecumenical focus. In this book, Shaun Brown seeks to provide a corrective to misreadings of Lindbeck's work by focusing upon his Israelology, his emphasis upon the church and Israel as one elect people of God. While many Christians after the Holocaust have noted the harm that Supersessionism brought to the Jews, Lindbeck focuses upon the harm that supersessionism has brought to the church. He argues the appropriation of Israelhood by the church can bring intra-Christian ecumenical benefits. This work comes in two stages. In the first stage, undertaken while he was an observer at the Second Vatican Council, Lindbeck discusses a parallel between Israel and the church. The second stage, which begins in the late 1980s and continues through the end of his career, Lindbeck describes the church as Israel-like or as Israel. [The Shaping of Things to Come](#) Michael Frost, Alan Hirsch, 2013-03-01

In a time when the need for and the relevance of the Gospel has seldom been greater, the relevance of the church has seldom been less. *The Shaping of Things to Come* explores why the church needs to rebuild itself from the bottom up. Frost and Hirsch present a clear understanding of how the church can change to face the unique challenges of the twenty-first century. This missional classic has been thoroughly revised and updated. **Memories, Hopes, and Conversations** Mark Lau Branson, 2004-06-01 A second edition of *Memories, Hopes, and Conversations* is now available. With helpful updates throughout, the new edition features five new chapters on

Appreciative Inquiry applied in real congregations When First Presbyterian Church in Altadena California was asked to provide a mission study report for its pastor nominating committee the congregation was afraid they would find themselves engaging in busy work and producing a report that would wind up in a file gathering dust They then asked professor Mark Lau Branson to consult with them on writing this report He invited them to join in a process of Appreciative Inquiry a transformational organization change process which resulted in a major shift in congregational conversations and a new sense of hope Memories Hopes and Conversations recounts the experience of First Presbyterian and outlines a process that any congregation can utilize to harness the energies of the congregation at all levels of its common life Branson first leads readers through the foundations of Appreciative Inquiry and bracingly explores biblical texts for understanding the practice in a faith context He then outlines and illustrates a four step process Initiate Inquire Imagine Innovate that creatively employs constructive conversations and questions to evoke storytelling and spur imaginations Branson persuasively demonstrates how concentrating on needs and problems can mire a congregation in discouragement and distract it from noticing innate strengths By focusing on memories of the congregation at its best members are able to construct provocative proposals to help shape the church's future Grounded in solid theory and real life practice Memories Hopes and Conversations is a groundbreaking work of narrative leadership and the first book to apply the principles of Appreciative Inquiry to the lives of congregations

Mission in Context Dr Cathy Ross, Dr John Corrie, 2013-06-28 Stimulated by Andrew Kirk's mission theology this book brings fresh theological reflection to a wide range of mission issues A formidable group of international missiologists are drawn together to explore current reflections on a wide range of issues including poverty and injustice environmentalism secularism the place of scripture in a pluralist culture science and faith liberation theology oppression and reconciliation and much more Kirk's influence and reputation is international and extends to South America USA Eastern Europe Africa and SE Asia Latin American mission has been especially enriched by Kirk's innovative thinking on revolutionary politics contextualisation and holistic mission This is an indispensable resource of up to date missiological reflections for all involved in mission at every level

Christian Ethics David S. Cunningham, 2008-03-03 Christian Ethics provides a biblical historical philosophical and theological guide to the field of Christian ethics Prominent theologian David S Cunningham explores the tradition of virtue ethics in this creative and lively text which includes literary and musical references as well as key contemporary theological texts and figures Three parts examine the nature of human action and the people of God as the interpretative community within which ethical discourse arises the development of a virtue ethics approach and places this in its Christian context significant issues in contemporary Christian ethics including the ethics of business and economics politics the environment medicine and sex This is the essential text for students of all ethics courses in theology religious studies and philosophy

The Distinctive Identity of the Church Jeppe Bach Nikolajsen, 2015-03-20 An increasing number of theologians believe that the Western world has moved from an era of

Christendom to an era of post Christendom This book goes to the heart of the debate related to this shift asking How are we to understand the distinctive identity of the church with special reference to its role in a post Christendom society It then presents an analysis of the work of the English Reformed theologian Lesslie Newbigin and the American Mennonite theologian John Howard Yoder both of whom reflect on how we should understand this important question At the end of *The Distinctive Identity of the Church* the charge of sectarianism is discussed It is argued that a missionary God sends the church to the world and consequently this sending should fundamentally determine its existence in the world The book argues that the task that lies before the church in the Western world is not to bypass its distinctiveness with accusations of sectarianism but to recapitulate an understanding of its own distinctiveness that should be seen as a precondition for its engagement in society Such an ecclesiological position holds important potential for an understanding of the role of the church in pluralistic Western cultures

The Recovery of Doctrine in the Contemporary Church Richard Heyduck, 2002 Heyduck examines the false options on doctrine that modernity has offered the church especially his own tradition United Methodism and suggests ways to get beyond this impasse
