When Friends Come From Afar Susan

Blumberg-Kason, 2024-09-10 Born in Hong Kong Bernie Wong moved to the United States in the early 1960s to attend college A decade later she cofounded the Chinese American Service League CASL to help meet the needs of the city's isolated Chinese immigrants Susan Blumberg Kason draws on extensive interviews to profile the community and social justice organization Weaving Wong's intimate account of her own life story through the CASL's larger history Blumberg Kason follows the group from its origins to its emergence as a robust social network that connects Chinatown residents to everything from daycare to immigration services to culinary education Blumberg Kason also traces CASL activism on issues like fair housing and violence against Asian Americans during the COVID 19 pandemic At once intimate and broad in scope When Friends Come from Afar uses one woman's life to illuminate a bedrock Chicago institution **Rivers Lost, Rivers**

Regained Martin Knoll, Uwe Lubken, Dieter Schott, 2017-06-13 Many cities across the globe are rediscovering their rivers After decades or even centuries of environmental decline and cultural neglect waterfronts have been revamped and become focal points of urban life again hidden and covered streams have been daylighted while restoration projects have returned urban rivers in many places to a supposedly more natural state This volume traces the complex and winding history of how cities have appropriated lost and regained their rivers But rather than telling a linear story of progress the chapters of this book highlight the ambivalence of these developments The four sections in Rivers Lost Rivers Regained discuss how cities have gained control and exerted power over rivers and waterways far upstream and downstream how rivers and floodplains in cityscapes have been transformed by urbanization and industrialization how urban rivers have been represented in cultural manifestations such as novels and songs and how more recent strategies work to redefine and recreate the place of the river within the urban setting At the nexus between environmental urban and water histories Rivers Lost Rivers Regained points out how the urban river relationship can serve as a prime vantage point to analyze fundamental issues of modern environmental attitudes and practices Chicago's Historic Hyde Park

Susan O'Connor Davis, 2013-07-09 Stretching south from 47th Street to the Midway Plaisance and east from Washington Park to the lake's shore the historic neighborhood of Hyde Park Kenwood covers nearly two square miles of Chicago's south side At one time a wealthy township outside of the city this neighborhood has been home to Chicago's elite for more than one hundred and fifty years counting among its residents presidents and politicians scholars athletes and fiery religious leaders Known today for the grand mansions stately row houses and elegant apartments that these notables called home Hyde Park Kenwood is still one of Chicago's most prominent locales Physically shaped by the Columbian Exposition of 1893 and by the efforts of some of the greatest architects of the nineteenth and twentieth centuries including Daniel Burnham Frank Lloyd Wright Mies Van Der Rohe this area hosts some of the city's most spectacular architecture amid lush green space Tree lined streets give way to the impressive neogothic buildings that mark the campus of the University of Chicago and some of the Jazz Age's swankiest high rises offer spectacular views of the water and distant downtown skyline In Chicago's Historic Hyde Park Susan O'Connor

Davis offers readers a biography of this distinguished neighborhood from house to home and from architect to resident Along the way she weaves a fascinating tapestry describing Hyde Park Kenwood s most celebrated structures from the time of Lincoln through the racial upheaval and destructive urban renewal of the 1940s 50s and 60s into the preservationist movement of the last thirty five years Coupled with hundreds of historical photographs drawings and current views Davis recounts the life stories of these gorgeous buildings and of the astounding talents that built them This is architectural history at its best
