The Beat Generation FAQ Rich Weidman, 2015-09-01 The Beat Generation FAQ is an informative and entertaining look at the enigmatic authors and cutting edge works that shaped this fascinating cultural and literary movement Disillusioned with the repression and conformity encompassing post World War II life in the United States the Beat writers sought creative alternatives to the mind numbing banality of modern culture Beat Generation writers were no strangers to controversy Both Allen Ginsberg's prophetic William Blakean style poem Howl 1956 and William S Burroughs groundbreaking novel Naked Lunch 1959 led to obscenity trials while Jack Kerouac's highly influential novel On the Road 1957 was blamed by the establishment for corrupting the nation's youth and continues to this day to serve as a beacon of hipster culture and the bohemian lifestyle The Beat writers shared a vision for a new type of literature one that escaped the boundaries of academia and employed an organic use of language inspired by the spontaneity and improvisational nature of jazz music and abstract expressionism Kerouac coined this writing style spontaneous prose In search of deeper meaning Beat Generation writers experimented not only with language but also with spirituality art drugs sexuality and unconventional lifestyles Although the movement as a whole flamed out quickly in the early 1960s replaced by the onset of the hippie counterculture the Beats made an indelible mark on the nation's consciousness and left a long lasting influence on its art and culture This book details the movement its works creative forces and its legacy

[The Medicine of Memory](#) Alejandro Murguía, 2010-01-01 An American Book Award winner's creative memoir traces his own family's history as well as the long story of Hispanics in America Spirited writing Library Journal People who live in California deny the past asserts Alejandro Murgu'a In a state where what matters is keeping up with the current trends fads or latest computer gizmo no one has the time energy or desire to reflect on what happened last week much less what happened ten years ago or a hundred From this oblivion of memory he continues comes a false sense of history a deluded belief that the

way things are now is the way they have always been In this work of creative nonfiction Murgu a draws on memories his own and his family s reaching back to the eighteenth century to re construct the forgotten Chicano indigenous history of California He tells the story through significant moments in California history including the birth of the mestizo in Mexico destruction of Indian lifeways under the mission system violence toward Mexicanos during the Gold Rush Chicano farm life in the early twentieth century the Chicano Movement of the 1960s Chicano Latino activism in San Francisco in the 1970s and the current rebirth of Chicano Indio culture Rejecting the notion that history is always written by the victors and refusing to be one of the vanquished he records and draws us into his own California history Sisyphus and I Ilja

Kostovski,2020-05-30 A Glance into Ilja Kostovski s Selected Poetry It is a slightly smirking smile that accompanies the voice calling on Muses in Ilja Kostovski s epic poetry and final book Sisyphus and I In this seminal production of the poet s work an eager if slightly sarcastic voice cries out from the woodpile of modernity Don t tarry You envious God This minute I will go Into the deep forests And will chop for you Firewood in piles As for Kostovski s readers they are the connoisseurs of sorrow the suicide leaning on the railings of bridges the self despisers for he is a poet of the lone wolves the melancholy wanderer we read about in Blake and imagine among the happy crowds at Coney Island in the 1920s or among the tripping multitudes of Haight Ashbury in the 1960s or in the city where he made his last residence the throngs of the upright and enraged of Washington D C Kostovski s verse is prayer to a God who is or is not there a nearly desperate repeating Come unto me It is not merely exhortation to the deity He invokes too the gathering crowds of the lost and broken hearted as though the divine could only be conjured by those numbers or as if the dead God of Nietzsche could be resurrected by a hoard whose suffering is the very thing that binds them In that case instead of a savior the hero of these poems is a common wound Come unto me those Who have turned your roads Into hazardous games The language is straight out of the book of Micah whose own anaphoric language begins each chapter with Hear an Old Testament prophet no one believes but the language pops with contemporary hideousness Come candidates for oval offices Come candidates for electric chairs In what is perhaps the most powerful poem in the collection Sermon at the Washington Monument Kostovski the poet recalls his association with Ferlinghetti who Told me once The Anglo Saxons speak the truth with half closed mouths From a formal angle the collection Sisyphus and I is Kostovski s open mouthed song to a universe that may or may not be listening Like the fledgling with mouth turned upward Kostovski s poetry is both artistic hallelujah and hungry yawp whose overarching tone is a kind of gallows praise I hear America is not singing anymore All songs are dead And you are the executioner Have you ever known Francois Villion Who multiplied his life on the gallows The poet calls on writers to awaken rather like Micah standing on his street corner if not to save anything then to attend it as it passes flares out at the height of its beauty Kostovski born in the Macedonian province of Greece is the author of Dostoevsky and Goethe Two Devils Two Geniuses Like his poetry his scholarship sought out the insight of the outsider as he himself carried the burden of his generation through exile during

Communist overthrows until he settled in Washington D C The prophetic insight is this a monument does not memorialize a country but rather a misinterpreted ideal The best remembrances are those that serve a human purpose And the best invitation to the gods in Kostovski s reckoning at least is to chop some firewood good for burning This is a poet whose voice at once harkens back to the Tanakh while it recalls the beatniks of San Francisco the homeless and the insidious white power structures and silent mausoleums of Washington D C We are reminded in these pages that life is to be sung open mouthed if at all David Keplinger December 2017 **American Lumberman** ,1908 **Congressional Record** United States. Congress,1978 Author Under Sail James W. Williams,2021-02 In Author Under Sail The Imagination of Jack London 1902 1907 Jay Williams explores Jack London s necessity to illustrate the inner workings of his vast imagination In this second installment of a three volume biography Williams captures the life of a great writer expressed though his many creative works such as *The Call of the Wild* and *White Fang* as well as his first autobiographical memoir *The Road* some of his most significant contributions to the socialist cause and notable uncompleted works During this time London became one of the most famous authors in America perhaps even the author with the highest earnings as he prepared to become an equally famous international writer Author Under Sail documents London s life in both a biographical and writerly fashion depicting the importance of his writing experiences as his career followed a trajectory similar to America s from 1876 to 1916 The underground forces of London s narratives were shaped by a changing capitalist society media outlets racial issues increases in women s rights and advancements in national power Williams factors in these elements while exploring London s deeply conflicted relationship with his own authorial inner life In London s work the imagination is figured as a ghost or as a ghostlike presence and the author s personas who form a dense population among his characters are portrayed as haunted or troubled in some way Along with examining the functions and works of London s exhaustive imagination Williams takes a critical look at London s ability to tell his stories to wide arrays of audiences stitching incidents together into coherent wholes so they became part of a raconteur s repertoire Author Under Sail provides a multidimensional examination of the life of a crucial American storyteller and essayist *Yorston's Popular History of the World* Otto von Corvin,Friedrich Wilhelm Alexander Held,1886
