

The background of the cover is a black and white manga illustration. In the foreground, a young boy with a determined and pained expression is shown from the chest up, his mouth wide open as if shouting or crying out. He has dark hair and is wearing a dark jacket. Behind him, the landscape is a desolate, rocky terrain with several sharp, jagged rock formations. In the upper center, a figure in a dark, hooded cloak is seen from behind, walking away from the viewer towards the rocky landscape. The overall style is characteristic of mid-20th-century Japanese manga, with bold lines and expressive shading.

Barefoot Gen Volume 2 The Day After :

Barefoot Gen: The day after Keiji Nakazawa, 2004 Cartoonist Keiji Nakazawa was seven years old and living in Hiroshima in the early days of 1945 when the city was destroyed by an atomic bomb dropped by the USA Starting a few months before that event this four volume saga shows life in Japan after years of war and privations Volume two tells the story of the day after the atomic bomb was dropped on Hiroshima as seen through the eyes of seven year old Gen Nakaoka Gen his mother and his newborn sister face the horrors of the day after the bomb This moving saga can be compared in scope and intensity to Art Spiegelman s Maus Barefoot Gen Volume 1 Keiji Nakazawa, 2022-10-15 This harrowing story of Hiroshima was one of the original Japanese manga series New and unabridged this is an all new translation of the author s first person experiences of Hiroshima and its aftermath is a reminder of the suffering war brings to innocent people Its emotions and experiences speak to children and adults everywhere Volume one of this ten part series details the events leading up to and immediately following the atomic bombing of Hiroshima Nuclear War Raymond G. Wilson, 2014 Nuclear War Hiroshima Nagasaki and A Workable Moral Strategy for Achieving and Preserving World Peace Raymond G Wilson The real truth of the matter is as you and I know that a financial element in the large centers has owned the government of the United States since the days of Andrew Jackson Franklin D Roosevelt There is considerable reason to believe President Roosevelt s statement is quite true thus the financial element in the large centers shares responsibility and blame for the tens if not hundreds of thousands of war deaths in the last two decades The people of the world need protection from those responsible for provoking nations to war In the United States this responsibility lies with all elements in the highest levels of government the decision makers It lies with those who tinker with political and economic machinations most likely for the advantage of a financial element in the large centers These are probably people young enough and sufficiently uninformed to have no conception of the atrocity of the nuclear confrontations and conflagrations to which they are quite possibly leading the world This group of people may include most people serving in the U S Congress and from personal experience many in the U S Military I have my doubts whether Presidents have seen all of the results of the world s first nuclear war they are probably shielded from this Photographs of the victims were confiscated and held confidential for more than 22 years after 1945 There were well more than 210 000 victims not many photographs were made and survived You can learn from this book a tiny fraction of the truth about what happens to people caught in nuclear war Although the truth from more than 210 000 will never be heard In a future war there would be hundreds of thousands more likely hundreds of millions of victims The United States government has not revealed this kind of truth about its first nuclear war As of early 2014 no sitting president has ever visited Hiroshima or Nagasaki In Chapter 5 a solution is suggested to save us all from our nuclear madness I hate war as only a soldier who has lived it can only as one who has seen its brutality its futility its stupidity Dwight D Eisenhower we also possess the seeds of goodness and justice that humankind was given by nature and has fostered over the ages We have

the ability to cultivate self control and consideration for others and to strive to live together in a humane and harmonious manner with others The revival of such true humanity not only between individuals but also between nations is an absolute necessity today for the age has come when one nation s self centered behavior could lead all humanity to annihilation Naomi Shohno 1986 America can do whatever we set our mind to Barack Obama

Documentary Comics Nina Mickwitz,2016-04-29 Can comics be documentary and can documentary take the form of and thus be comics Examining comics as documentary this book challenges the persistent assumption that ties documentary to recording technologies and instead engages an understanding of the category in terms of narrative performativity and witnessing Through a cluster of early twenty first century comics Nina Mickwitz argues that these comics share a documentary ambition to visually narrate and represent aspects and events of the real world

Representing Acts of Violence in Comics Nina Mickwitz,Ian Horton,Ian Hague,2019-08-01 This book is part of a nuanced two volume examination of the ways in which violence in comics is presented in different texts genres cultures and contexts Representing Acts of Violence in Comics raises questions about depiction and the act of showing violence and discusses the ways in which individual moments of violence develop and are both represented and embodied in comics and graphic novels Contributors consider the impact of gendered and sexual violence and examine the ways in which violent acts can be rendered palatable for example through humour but also how
