Beyond Religion Dalai Lama, 2011-12-06 A bracing and essential modern day polemic from His Holiness the Dalai Lama Beyond Religion is a blueprint for all those who yearn for a life of spiritual fulfillment as they work for a better world This is HHDL's new model for mutual respect and understanding rooted in our shared humanity between religious believers and non-believers Ten years ago in his bestselling Ethics for a New Millennium His Holiness the Dalai Lama first proposed an approach to ethics based on universal rather than religious principles Now in Beyond Religion the Dalai Lama at his most compassionate and outspoken elaborates and deepens his vision for the nonreligious way Transcending the mere religion wars he outlines a system of secular ethics that gives tolerant respect to religion those that ground ethics in a belief in God and an afterlife and those that understand good actions as leading to better states of existence in future lives And yet with the highest level of spiritual and intellectual authority the Dalai Lama makes a claim for what he calls a third way This is a system of secular ethics that transcends religion

Beyond Religion Dalai Lama, 2012-10-23 In his fascinating approach to moral guidance in an age of technological globalization and multicultural societies L A Times the Dalai Lama honored in 1989 with the Nobel Peace Prize and spiritual light for followers of Tibetan Buddhism argues that humanity does not need religion to lead a happy and ethical life Ten years ago in his bestselling Ethics for a New Millennium His Holiness the Dalai Lama first proposed an approach to ethics based on universal rather than religious principles Now in Beyond Religion the Dalai Lama at his most compassionate and outspoken elaborates and deepens his vision for the nonreligious way Transcending the mere religion wars he outlines a system of secular ethics that gives tolerant respect to religion those that ground ethics in a belief in God and an afterlife and those that understand good actions as leading to better states of existence in future lives And yet with the highest level of spiritual and intellectual authority the Dalai Lama makes a claim for what he calls a third way This book is a system of secular ethics that transcends religion

Beyond Religion Dalai Lama XIV, 2012-02-02 *Beyond Religion*, 2014 **Summary of Dalai Lama's Beyond Religion** Everest Media, 2022-10-12T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 While I can understand how science has undermined faith in some aspects of traditional religion I see no reason why advances in science should have the same effect on the notion of inner or spiritual values The need for inner values is more urgent in this age of science than ever before 2 I have always been interested in the scientific basis for the effects of contemplative practice and the deliberate cultivation of qualities such as compassion loving kindness attention and a calm mind If science can show such practices to be both possible and beneficial then perhaps they can be promoted through mainstream education 3 The word secular is often used in India to describe a tolerant and respectful attitude toward all

religions In the West however the word is often used to describe an antagonistic relationship between religion and secularism 4 When negative attitudes toward religion are motivated by a concern for justice they must be respected However when assessing such criticisms it is important to distinguish between criticisms directed at religion itself and those directed at the institutions of religion *Beyond Religion* David N Elkins,2013-11-01 Let David Elkins psychologist and former minister show you how to find authentic soul nurturing spirituality outside church or temple walls Discover your personal path to the sacred and explore new ways to bring nonreligious spirituality into your life **The Seductiveness of Virtue** John J. Fitzgerald,2016-12-15 John J Fitzgerald addresses here one of life s enduring questions how to achieve personal fulfillment and more specifically whether we can do so through ethical conduct He focuses on two significant twentieth century theologians Rabbi Abraham Joshua Heschel and Pope John Paul II seeing both as fitting dialogue partners given the former s influence on the Second Vatican Council s deliberations on the Jews and the latter s groundbreaking overtures to the Jews in the wake of his experiences in Poland before and during World War II Fitzgerald demonstrates that Heschel and John Paul II both suggest that doing good generally leads us to growth in various components of personal fulfillment such as happiness meaning in life and freedom from selfish desires There are however some key differences between the two theologians John Paul II emphasizes more strongly the relationship between acting well and attaining eternal life whereas Heschel wrestles more openly with the possibility that religious commitment ultimately involves anxiety and sadness By examining historical and contemporary analyses including the work of the Fourteenth Dalai Lama the philosopher Peter Singer and some present day psychologists Fitzgerald builds a narrative that shows the promise and limits of Heschel s and John Paul II s views *Humbling Faith* Peter Admirand,2019-03-22 This is a book hoping to embolden doubt and sharpen unanswerable questions all in the context of loving the self and one another Ridiculously it believes the world can be healed through such a hope It is especially addressed to those allergic to the word faith and others who feel confident and proud in the faith they profess or system of thought they live by Humbling Faith helps us see how our beliefs or non beliefs our belongings and identities often remain flawed myopic self absorbed unredeemed The hope is that such awareness of our brokenness can fuel greater ethical partnerships and dialogue promoting peace from our recognized need for one another Humbling Faith is not only a resource towards humbling other faiths but most importantly your own **How to Train a Happy Mind** Scott Snibbe,2024-03-12 TRAIN YOUR MIND TOWARD LASTING CONNECTION AND JOY Eager to share the life enhancing benefits he found in Buddhism skeptic Scott Snibbe presents this 8 step programme that allows anyone to build positive mental habits Inspired by the ancient Buddhist path to enlightenment yet firmly grounded in modern science How to Train a Happy Mind is the first mainstream book to show how you can achieve happiness using analytical meditation Working in much the same way as cognitive behavioural therapy analytical meditation goes beyond the calm inducing practice of mindfulness to actively train the brain through easy to follow narrative visualizations Breaking the path down into
