## **Beyond Al Qaeda Part 1 The Global Jihadist Movement:**

Beyond al-Qaeda: Part 1, The Global Jihadist Movement Angel Rabasa, Peter Chalk, Kim Cragin, Sara A. Daly, Heather S. Gregg, 2002-10-14 Examines al Qaeda's evolution and the emergence of the broader global jihadist movement groups affiliated associated or inspired by al Qaeda and the threat that they pose to the United States and U S allies and interests The authors conclude by setting out a four pronged strategy to counter the jihadist threat **Beyond Al-Qaeda**, 2006

*Beyond Al-Qaeda. Part 1. The Global Jihadist Movement*, 2006 Defeating the global jihadist movement which we define as al Qaeda and the universe of jihadist groups that are associated with or inspired by al Qaeda is the most pressing security challenge facing the United States today The global jihadist movement can be distinguished from traditional or local jihads which are armed campaigns conducted by Islamist groups against local adversaries with usually limited aims and geographic scope in that it targets the United States and its allies across the globe and pursues broad geopolitical aims Although the U S campaign against al Qaeda and the global jihadist movement campaign has had some notable successes such as the destruction of al Qaeda's sanctuary in Afghanistan the elimination of many of the group's leaders and the growing resolve of many countries to take action against al Qaeda and its associates no informed observers believe that al Qaeda will be eliminated anytime soon The United States itself continues to be threatened by large scale attacks as suggested by heightened security alerts and reports of plans to attack financial targets in New York and Washington Countering al Qaeda is thus likely to preoccupy U S national security institutions for at least the remainder of the decade and perhaps longer This study explores some of the most salient aspects associated with terrorist phenomena across the world and their implications for the security of the United States and its friends and allies The results of the study are reported in two volumes The subject of this first volume is al Qaeda and what we refer to as the al Qaeda nebula an ecosystem of terrorist groups around the world that have internalized the al Qaeda worldview and its methodology of mass casualty terrorist attacks *A Path Out of the Desert* Kenneth Pollack, 2009-08-25 The greatest danger to America's peace and prosperity notes leading Middle East policy analyst Kenneth M Pollack lies in the political repression economic stagnation and cultural conflict running rampant in Arab and Muslim nations Pollack asserts that we must continue to make the Middle East a priority in our policy but in a humbler more realistic and more cohesive way In his long term strategy Pollack suggests that America engage directly with the governments of the Middle East and indirectly with its people by means of cultural exchange commerce and other soft approaches He carefully examines each of the region's most contested areas as well as the Israeli Palestinian peace process and explains how the United States can address each through mutually reinforcing policies At a time when the nation is facing critical decisions about our continued presence in Iraq and Afghanistan *A Path Out of the Desert* is guaranteed to stimulate debate about America's humanitarian diplomatic and military involvement in the Middle East
