Romanyshyn, 2019-04-25 In Victor Frankenstein the Monster and the Shadows of Technology The Frankenstein Prophecies Romanyshyn asks eight questions that uncover how Mary Shelley's classic work Frankenstein haunts our world Providing a uniquely interdisciplinary assessment Romanyshyn combines Jungian theory literary criticism and mythology to explore

answers to the query at the heart of this book who is the monster In the first six questions Romanyshyn explores how Victor s story and the Monster's tale linger today as the dark side of Frankenstein's quest to create a new species that would bless him as its creator Victor and the Monster are present in the guises of climate crises the genocides of our god wars the swelling worldwide population of refugees the loss of place in digital space the Western obsession with eternal youth and the eclipse of the biological body in genetic and computer technologies that are redefining what it means to be human In the book s final two questions Romanyshyn uncovers some seeds of hope in Mary Shelley s work and explores how the Monster s tale reframes her story as a love story This important book will be essential reading for academics and students of Jungian and post Jungian theory literature philosophy and psychology psychotherapists in practice and in training and for all who are concerned with the political social and cultural crises we face today The Builder .1881 Annual List of New and Important Books Added to the Public Library of the City of Boston Boston Public Library, 1906 Catalog of Reprints in **Series** Robert Merritt Orton, 1958 Annual List of New and Important Books Added to the Public Library of the City of **Book News** ,1897 Boston, 1898
