Holcombe, 2015-07-12 Excerpt from *The Alternative A Separate Nationality or the Africanization of the South* A sectional party inimical to our institutions and odious to our people is about taking possession of the Federal Government The seed sown by the early Abolitionists has yielded a luxurious harvest When Lincoln is in place Garrison will be in power The Constitution either openly violated or emasculated of its true meaning and spirit by the subtleties of New England logic is powerless for protection We are no longer partners to a federal compact but the victims of a consolidated despotism Opposition to slavery to its existence its extension and its perpetuation is the sole cohesive element of the triumphant faction It did not receive the countenance of a single vote in any one of the ten great cotton States of the South The question is at length plainly presented submission or secession The only alternative left us is this a separate nationality or the Africanization of the South He has not analyzed this subject aright nor probed it to the bottom who supposes that the real quarrel between the North and the South is about the Territories or the decision of the Supreme Court or even the Constitution itself and that consequently the issues may be stayed and the dangers arrested by the drawing of new lines and the signing of new compacts The division is broader and deeper and more incurable than this The antagonism is fundamental and ineradicable About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve
