Where the Money Is Adam Seessel, 2022-05-24 One of the best books I have read on investing in years Bill Ackman founder and CEO Pershing Square Capital Management From a successful investor and a contributor to Barron's and Fortune comes a once in a lifetime book that gives modern investors what they need most a fresh guide to making money in a stock market now dominated by tech stocks Technological change is reshaping the economy in a way not witnessed since Henry Ford introduced the assembly line A little more than ten years ago only two of the ten most valuable publicly traded companies in the world were digital enterprises today they comprise eight of the top ten Investors around the world are struggling to understand the Digital Age and how they can use the stock market to profit from it Author Adam Seessel understands Several years ago he watched his old school portfolio built using traditional value investing principles decline while the market driven by expensive tech stocks advanced Determined to reverse course he set off in search of a new investment paradigm one that remained true to the discipline that Ben Graham gave us a century ago while reflecting the new realities of the Digital Age In this helpful take on playing the stock market Publishers Weekly Seessel introduces a refreshed value based framework that any investor professional or amateur can use to beat the modern market Like all sectors the tech sector follows certain rules We can study these rules understand them and invest accordingly The world is changing and we can profit from it Approaching tech this way the economy's current changes and the rapid rise of tech stocks are not reasons to be frightened or disoriented they're reasons to be excited Infused with the same kind of optimism and common sense that inspired Benjamin Graham's *The Intelligent Investor* and Peter Lynch's *One Up on Wall Street* *Where the Money Is* ushers in a new era of modern value investing

Remarkable Retail Steve Dennis, 2021-04-13 Physical retail isn't dead but boring retail is Remarkable Retail equips the savvy retailer with eight essential strategies to thrive in an increasingly volatile and uncertain future Digital technology has profoundly altered the competitive landscape for retailers In Remarkable Retail industry thought leader Steve Dennis argues that in a world of nearly infinite choice where the lines between digital and physical are increasingly blurred even being very good is no longer good enough To win and keep customers today retailers must be nothing short of remarkable In most retail categories digital channels are often central to the consumer's journey but that doesn't mean people aren't also shopping in stores they're just using them differently often browsing in one channel and buying in the other The notion of a physical store channel and an ecommerce channel is increasingly a distinction without a difference the customer is the channel The future belongs to those who embrace the blur of digital and physical that represents modern retail today and work to deliver an experience that is more harmonized and

more memorable regardless of how consumers decide to shop Packed with illuminating case studies from some of modern retail s biggest success stories and leveraging Dennis s more than thirty years as a senior executive and strategic consultant to dozens of brands Remarkable Retail lays out the case for going beyond a slightly better version of mediocre and forging a path to being truly remarkable To help retailers on this transformation journey Dennis presents eight essential strategies for visionary leaders who are prepared to reimagine their way of doing business A remarkable retailer is digitally enabled human centered harmonized mobile personal connected memorable and radical In an age where consumers have short attention spans myriad options and a digitally integrated relationship with every brand Remarkable Retail is your indispensable guide to creating a powerful retail experience that keeps your customers coming back for more *XV International Scientific Conference "INTERAGROMASH 2022"* Alexey Beskopylny, Mark Shamtsyan, Viktor Artiukh, 2023-02-24 The book contains proceedings of the XV International Scientific Conference INTERAGROMASH 2022 Rostov on Don Russia This conference is dedicated to the innovations in the field of precision agriculture robotics and machines as well as agriculture biotechnologies and soil management It is a collection of original and fundamental research in such areas as follows unmanned aerial systems satellite based applications proximal and remote sensing of soil and crop positioning systems geostatistics mapping and spatial data analysis robotics and automation Potential and prospects for the use of hydrogen in agriculture for example in high performance tractors with hybrid electric transmission are disclosed in the research works of scientists from all over the world It also includes such topics as precision horticulture precision crop protection differential harvest precision livestock farming controlling environment in animal husbandry and other topics One of the important issues raised in the book is to ensure the autonomy of local farms The topic of the impact of the agro industrial sector on the environment also received wide coverage Ways to reduce the burden on the environment are proposed and the use of alternative fuels and fertilizers is suggested The research results presented in this book cover the experience and the latest studies on the sustainable functioning of agribusiness in several climatic zones The tundra and taiga forest steppe the steppe and semi desert all this is a unique and incredibly demanded bank of information the main value of which is the real experience of the functioning of agribusiness in difficult climatic and geographic conditions These materials are of interest for professionals and practitioners for researchers scholars and producers They are used in the educational process at specific agricultural universities or during vocational training at enterprises and also become an indispensable helper to farm managers in making the best agronomic decisions **Dropshipping Mastery** Chandler Wright, 2021-01-28 Do you want to learn what makes Dropshipping such an incredible business model and exactly how to scale the business to earning over 10 000 a month If you re new to dropshipping and don t know where to start don t know if you re the type of person who should do dropshipping or don t know how to scale your existing business then this book is for you In this book you will discover What dropshipping is and what it isn t The pros and cons of dropshipping The huge potential you can tap into with this business model How to

know if this type of business is a good fit for you How to build a dropshipping business from scratch without a huge upfront investment All the tools you need to start your online store source your products market your products and monitor and hook your customers to become repeat buyers The confusing legal stuff explained in simple terms Best platforms you should use How to build a hyper successful brand Cutting edge strategies that will work in the coming years Step by step method to scaling your business to earn thousands per month And much more The techniques tools tips pitfalls and other details described and mentioned in this book are drawn out from years of personal experience I have tried and failed and then tried and succeeded in this business and I m sharing my experience with you The journey wasn t easy in fact often it was rather disappointing with a lot of trial and error behind the scenes I will share you my failures that I ve made which helped me move forward into success Dropshipping is not a get rich quick scheme If you re looking for that sort of thing then this is not the book for you But if you re looking for a step by step guide that will show you how to build your very own successful dropshipping business then you re in for a treat Click Buy Now and get started today

Posthuman Capitalism Yasmin Ibrahim,2021-06-10 Posthuman Capitalism critically reviews the manifestation of capitalist agenda online by examining the phenomenon of the posthuman in the data economy The chapters examine our posthuman condition where we are constantly asked to partake in platforms which perform to capitalist agenda while socializing us into new platforms of living consuming and interacting online Labelling these modes of our experiential extractions transactions and re making of our mortal lives as posthuman capitalism the book reviews the human entanglements from sociality friendship desire memory transgressions of privacy and co production of value through the data economy Offering innovative and interdisciplinary conceptualisations and vantage points on our contemporary data society this book will be a key text for scholars and students in the areas of digital media communication studies sociology philosophy and social psychology
