Breakpoints How Managers Exploit Radical Change:

Breakpoints Paul Strebel, 1992 Many companies have fallen not because they ignored their customers or lacked superior management skills but because business conditions shifted beneath them In an environment of fluctuating markets proliferating technologies and changing political frontiers the management challenge is to cope with breakpoints or sudden shifts in the rules of the game Paul Strebel provides a framework for dealing with radical business change

Trajectory Management Paul Strebel, 2005-01-14 Trajectory Management moves away from the one true way approach put forward by many business gurus argues that the search for best practice best change management etc obscures real situations in business develops principles of right practice for the situation business is continually evolving and its drivers have to evolve with it provides a practical framework and enables diagnosis of where a business trajectory is and how to sustain or switch trajectories Adjusting corporate leadership to different business conditions is key in today's turbulent environment The systematic review and development of this relationship in Trajectory Management is extremely valuable Peter A Wuffli President of the Group Executive Board UBS In this book Paul Strebel goes beyond universal best practice that is presumed to apply no matter what the context He presents the right practice for managing a business trajectory and winning consistently over time Egon P Zehnder Founder Egon Zehnder International Inc Trajectory Management puts context in its rightful place at the front middle and end of business planning and execution Paul Strebel offers a practical framework to simplify the complex and drive better competitive choices for busy decision makers John Hofmeister Director of Human Resources Shell International B V For more on how to use the book see www.trajectorymanagement.com

Transforming a B School to Take It to the Top A C Augustine, 2018-08-10 A product of seven years of research spanning 7 decades this book has considerable depth All researchers of MBA education talked about the absolute inadequacy of B School education supported by huge data Most of them proved beyond doubt as to how B Schools failed in transforming students to be ethically guided leaders and managers To be fair to them some of them have proposed some action plans too But till date nobody has come forward to make a holistic proposal of all possible improvements that can be used to transform a B School or to build leadership and managerial qualities in students This is the first and the only book that is recommending 65 interventions on 6 dimensions to transform a B School The book has proposed 40 different experiences to enable students to practice and learn management The book will be an ideal guide for all faculty members of B Schools who want to develop students in to leaders and managers promoters B Schools Directors of B Schools and all those who are directly or indirectly connected with educating B school graduates

Organizational Change for Corporate Sustainability Suzanne Benn, Melissa Edwards, Tim Williams, 2014-05-09 Since this classic book was first published in 2003 sustainability has increasingly become mainstream business for leading corporations whilst the topic itself has also been a hotly debated political issue across the globe The sustainability phase models originally discussed in the book have become more relevant

with ever more examples of organizations at later stages in the development of corporate sustainability Bringing together global issues of ecological sustainability strategic human resource management organizational change corporate social responsibility leadership and community renewal this new edition of the book further develops its unified approach to corporate sustainability and its plan of action to bring about corporate change It integrates new research and brings illustrative case studies up to date to reflect how new approaches affect change and leadership For the first time a new positive model of a future sustainable world is included strengthened by references to the global financial crisis burgeoning world population numbers and the rise of China With new case studies including BP s Gulf oil spill and Tokyo Electric Company s nuclear reactor disaster this new edition will again be core reading for students and researchers of sustainability and business organizational change and corporate social responsibility

Organizational Change for Corporate Sustainability Dexter Colboyd Dunphy, Andrew Griffiths, Suzanne Benn, 2003 Using specific examples of incremental and transformational changes and outlining the long term corporate benefits of sustainability the book examines the changes required to achieve true sustainability
