Araoz, Marie A. Carrese, 2013-10-28 Guides therapists in providing short term treatment for adjustment disorders covering all phases of the therapeutic process from initial contact diagnosis treatment and termination and offers advice for dealing with the limitations of managed care programs Describes diagnostic assessments and The First Session in Brief Therapy Simon H. Budman, Michael F. Hoyt, Steven Friedman, 1992-08-07 In all models of therapy the initial interview is a significant component It sets the tone structure direction and foundation of treatment In brief therapy the opening moves are even more important because there is less time later to correct errors or change direction This volume provides practitioners with an up close view of exactly what expert brief therapists do at the beginning of treatment and why they do it Each author describes his or her particular orientation presents annotated transcripts of actual initial sessions and responds to pointed questions from the editors about their cases Following an introduction by the editors the first section of the book covers initial sessions in therapies for individuals These include the rational emotive approach a one session intervention an interpersonal psychodynamic model neurolinguistic programming and the I D E interpersonal developmental existential approach Beginning cognitive behavioral therapy with depressed or drug abusing adolescents is covered and a directive approach

strongly influenced by the work of Milton Erickson is presented The next section addresses methods and strategies for working with couples and families Chapters on marital therapy cover an integrative approach that combines an intra and interpersonal focus in marital therapy a cognitive behavioral approach that is based on principles of social learning and social exchange theory emotionally focused therapy and an approach that utilizes reflective conversation A solution oriented model the possibility paradigm for helping families amplify their strengths is delineated as is a strategic MRI style model for working with an individual family member and a structural approach for creating familial change An ideal companion to Budman s **THEORY AND PRACTICE OF BRIEF THERAPY** this illuminating and unique casebook is essential reading for all clinicians who need to learn more about time effective models Offering a comparative view of a variety of models it is an ideal text for undergraduate and graduate students

Object Relations Brief Therapy Michael Stadter, 2009-04-13 Object Relations Brief Therapy combines practical techniques with the depth of object relations theory the wisdom of previous brief therapy writers and most notably an emphasis on the unique therapeutic relationship Often therapists despair of doing any meaningful work in brief therapy To this Michael Stadter suggests the following pragmatic approach think dynamically address some underlying issue s and do what you can Specifically the book emphasizes the depth of understanding of human experience that comes from an object relations perspective the insight and experiential vitality of attention to the therapeutic relationship including its real transferential and countertransferential elements the impact of the psychodynamic techniques that have been carefully studied and delineated by brief therapy writers such as Davanloo Horowitz Malan Strupp and Binder and the flexibility of an eclectic approach that thoughtfully and selectively incorporates non psychodynamic interventions Therapists do not have to escape managed care according to Stadter Rather they need to learn how to deal with it in a way that preserves their integrity and enables them to practice the kind of healing psychotherapy they know how to do In today s health care climate Object Relations Brief Therapy is a much needed guide for committed therapists This new paperback edition includes a preface reviewing more recent developments in the area of brief therapy

The New Language of Change Steven Friedman, 1997-07-04 This volume offers clinicians and students an inside view of several new competency based approaches that are transforming the field of psychotherapy Showing how to build on client strengths the book details a collaborative process in which the therapist and client co construct meaning in the therapeutic conversation In depth clinical examples and question and answer exchanges between the editor and the chapter authors provide the reader with a uniquely personal view of the process of therapy This book will be of great interest to psychologists psychiatrists social workers marriage and family therapists mental health counselors psychiatric nurses

Some Stories are Better than Others Michael F. Hoyt, 2013-08-21

There are stories that we use to explain what happened to us twenty years ago or last week those we use to explain why the world works the way it does and those that we sue to fix the world when it doesn't work the way other stories said it should. And as the author points out in this collection of essays and interviews some of these stories are better than others. This book is an investigation into which might be the better stories and how they can help clients reach their goals in therapy. This book contains fifteen essays and interviews written or co-written by Michael Hoyt. The collection represents Dr. Hoyt's recent thinking on helping clients with the brief future orientated therapeutic approaches.

Interviews With Brief Therapy Experts

Michael F. Hoyt, 2013-05-13. This book is a compilation of twelve interviews with brief therapy experts and some of the field's most influential innovators: O. Hanlon, de Shazer, White, and Meichenbaum, to name a few. The interviews conducted to explore technical, theoretical, and ethical aspects of the theory and practice of brief therapy offer the give and take spontaneity that can only be found in an interview style. The selection of the content is based on both the expertise of the interviewees as well as those issues of most concern to the field: managed care and economics, ethics, and being solution focused.
