The Letter in Black Radical Thought Tendayi Sithole, 2023-05-02 In The Letter in Black Radical Thought Tendayi Sithole unmasks the logics of dehumanization in the terrain of black radical thought by looking at the letter as the site of examination and political intervention Through his expansive demonstration and original argument he analyzes the letters of Sylvia Wynter Assata Shakur George Jackson A me C saire and Frantz Fanon

Through illuminating critical takes by these black radical thinkers Sithole orchestrates a thematic approach revealing the challenges to dehumanization which emerge in these letters All the afore mentioned figures are read anew through the typology of the letters they have penned This typology consists of epistemic fugitive intramural and resignation letters The Letter in Black Radical Thought shows how these letters confront and combat dehumanization in novel ways Glissant and the Middle Passage John E. Drabinski,2019-06-11 A reevaluation of douard Glissant that centers on the catastrophe of the Middle Passage and creates deep original theories of trauma and Caribbeanness While philosophy has undertaken the work of accounting for Europe s traumatic history the field has not shown the same attention to the catastrophe known as the Middle Passage It is a history that requires its own ideas that emerge organically from the societies that experienced the Middle Passage and its consequences firsthand Glissant and the Middle Passage offers a new important approach to this neglected calamity by examining the thought of douard Glissant particularly his development of Caribbeanness as a critical concept rooted in the experience of the slave trade and its aftermath in colonialism In dialogue with key theorists of catastrophe and trauma including Aim C saire Frantz Fanon George Lamming Gilles Deleuze F lix Guattari Derek Walcott as well as key figures in Holocaust studies Glissant and the Middle Passage hones a sharp sense of the specifically Caribbean varieties of loss developing them into a transformative philosophical idea Using the Plantation as a critical concept John E Drabinski creolizes notions of rhizome and nomad examining what kinds of aesthetics grow from these roots and offering reconsiderations of what constitutes intellectual work and cultural production Glissant and the Middle Passage establishes Glissant s proper place as a key theorist of ruin catastrophe abyss and memory Identifying his insistence on memories and histories tied to place as the crucial geography at the heart of his work this book imparts an innovative new response to the specific historical experiences of the Middle Passage **The Morals of History** Tzvetan Todorov,1995 The celebrated theorist Tzvetan Todorov offers here a thought provoking study of the complex relationship between ethics and history In exploring such issues as how one practices and assesses equality among different societies Todorov confronts topics ranging from the conquest of America and nineteenth century colonialism to democracy and conflicts of the Self versus the Other

Anti-Colonialism and the Crises of Interwar Fascism Michael Ortiz,2023-01-12 What is fascism Is it an anomaly in the history of modern Europe Or its culmination In Anti Colonialism and the Crises of Interwar Fascism Michael Ortiz makes the case that fascism should be understood in part as an imperial phenomenon He contends that the Age of Appeasement 1935 1939 was not a titanic clash between rival socio political systems fascism and democracy but rather an imperial contest between satisfied and unsatisfied empires Historians have long debated the extent to which Western imperialisms served as ideological and intellectual precursors to European fascisms To date this scholarship has largely employed an inside out methodology that examines the imperial discourses that pushed fascist regimes outward into Africa Asia and the Americas While effective such approaches tend to ignore the ways in which these places and their inhabitants understood European

fascisms Addressing this imbalance Anti Colonialism adopts an outside in approach that analyses fascist expansion from the perspective of Indian anti colonialists such as Jawaharlal Nehru Subhas Bose and Mohandas Gandhi Seen from India the crises of Interwar fascism the Second Italo Ethiopian War Spanish Civil War Second Sino Japanese War Munich Agreement and the outbreak of the Second World War were yet another eruption of imperial expansion analogous although not identical to the Scramble for Africa and the Treaty of Versailles Whether fascist democratic or imperialist Europe s great powers collectively negotiated the fate of smaller nations

Phenomenology and the Political S. West Gurley, Geoff Pfeifer, 2016-10-12 This timely volume brings together a diverse group of expert authors in order to investigate the question of phenomenology s relation to the political These authors take up a variety of themes and movements in contemporary political philosophy Some of them put phenomenology in dialogue with feminism or philosophies of race others with Marxism and psychoanalysis while others look at phenomenology s historical relation to politics The book shows the ways in which phenomenology is either itself a form of political philosophy or a useful method for thinking the political It also explores the ways in which phenomenology falls short in the realm of the political Ultimately this collection serves as a starting point for a groundbreaking dialogue in the field about the nature of the relationship between phenomenology and the political It is a must read for anyone who is interested in phenomenology or contemporary social and political philosophy
