Beyond The Pig And The Ape Realizing Success And True Happiness:

Beyond the Pig and the Ape Krishna Pendyala, 2011-05-28 Praise for Beyond the PIG and the APE by Krishna Pendyala If you don't think you can find profound joy and inner peace in your life you might change your mind when you read this book Marc Allen Co founder New World Library Author Visionary Business Publisher The Power of Now This book is extraordinary It's so important to ground our own minds before we can build those critical relationships with others I have studied such practices for many years in service of business success and Krishna's book illustrates the principles of settling the mind more simply and clearly than anything I have found Keith Ferrazzi Author Never Eat Alone Founder RelationshipMastersAcademy.com Do yourself a favor and read Beyond the PIG and the APE The book shows how we get trapped in unfulfilling behaviors then lays out a clear path to personal happiness and joy Shannon Waller Co author Unique Ability Creating The Life You Want Strategic Coach In my own life formerly as a business CEO and now as a teacher of management I have found that inner personal growth and effective decision making go hand in hand Krishna's book is a guide to both John Rehfeld Author Alchemy of a Leader Executive MBA Faculty Pepperdine and University of San Diego We are told that happiness and the path to a better life can be found by looking within ourselves but here's the problem Since the secret is not likely to be lying in a box marked happiness what exactly should we be looking for Beyond the PIG and the APE is meant as a simple practical guide to the inner search The book starts by advising us what to look out for the inner creatures that often lead us astray The PIG of the title is the ever present drive to Pursue Instant Gratification while the APE is the drive to Avoid Painful Experiences These inner animals aren't always bad in fact they are basic survival instincts that evolved to help us feed and protect ourselves But in modern life our primitive drives can get us in trouble especially when the PIG and APE team up to feed and protect the Ego a delusional mind made identity that isn't who we really are Then we are sabotaged by blind animal instincts in the service of pretense The book uses real life examples to show how the PIG APE and Ego can keep us trapped in a maze of unhealthy habits inner turmoil and conflict with the people in our lives And the way out of the maze Don't even try to control your inner creatures says the author All it takes is awareness Simply by growing aware of how the inner mischief distorts us and limits us we begin to grow free of it Better yet this larger awareness can open up a world of possibilities that had long been obscured We begin to live in harmony with life instead of struggling to mind manage everything After a pivotal chapter on Becoming Aware the book has four practical chapters devoted to Learning to recognize what's driving you in any situation Making wiser decisions Becoming more creative And finding joy and peace amid the demands of a busy life The Story Bank at the end of the book reinforces the main themes These 21 true stories illustrate how the PIG APE and Ego can defeat us and how we can move beyond them in the various Life Spaces we each inhabit the spheres of life that involve Your Self Your Partner Your Friends Your Work Your Money and Your Children Throughout the book you get the same simple framework for inner awareness viewed from many different angles It's a journey filled with laughs and surprises But above

all it s a journey that can help you discover the laughter and surprises in your life every day *Comfort* ,1919

way of thinking turned my life around and got everything I ever wanted I could tell you one such story I went from having
nothing to everything I d ever wanted in the space of about two years what at the time was the life of my dreams only to
discover that success wasn t what I thought it was I couldn t identify it but there was still something missing Implicit in the
statement money won t buy us happiness is the idea that something else will even if we don t know what that something else
