

ASTRAL PROJECTION

The background of the cover features a person in a meditative pose, possibly performing a yoga asana like Padmasana. The person is depicted in a dark silhouette, with a bright, multi-colored aura or energy field radiating from their head and torso. The aura is composed of concentric circles and lines of light in shades of purple, blue, and white. The overall background is a deep purple with a subtle, intricate pattern of light lines and dots, suggesting a cosmic or spiritual theme.

Astral Projection Jamie Parr, 2020-09-28 **ASTRAL PROJECTION** Download This Great Book Today Available To Read On Your Computer MAC Smartphone Kindle Reader iPad or Tablet Astral projection, sometimes called astral travel, is an intentional out-of-body experience (OBE). Those who engage in astral projection believe in the existence of a soul or a sense of consciousness that is separate from the physical body, which is referred to as the astral body. This astral body is capable of traveling outside of or away from the physical body, which is how astral projection or astral travel is achieved. Once you know how to safely astral project, the experiences you are capable of having are phenomenal. Astral projection and travel can be used for everything from visiting other realms or visiting different areas of earth without physically going there to performing energy work on yourself in a deeply spiritual way. In this book, we discuss this phenomenon, including how you can begin to safely astral project and astral travel yourself. Here is a preview of what you will learn about inside: What Is Astral Projection, Astral Projection VS Astral Travel, The Third Eye Benefits Of Astral Travel, How To Stay Safe During Astral Projection, How To Astral Travel, Much Much More. Get your copy today. *Leaving the Body* D. Scott Rogo, 1986 *How to Astral Project* Allison Kinterelli, 2014-11-23 Astral Projection, AP, or Out of Body Experience (OBE) is no hoax, sham, or ritual of the occult. It is by no means supernatural and in fact is as natural as breathing or living itself. It is a real practice originating at similar times across civilizations dating back to times immemorial without any contact between them or joint efforts to develop such skills. It can be found in works of Ancient Greece, hieroglyphs of Ancient Egypt, as the movement of the Kama Hindu lore, and Buddhist practices of the Pure Land, and has been extensively chronicled by practitioners all over the world, including near-death experiences recorded by medical personnel. It is a universal phenomenon that hundreds of thousands, if not more, have experienced and made a part of their daily lives, and countless more have taken part without even fully realizing it. This guide hasn't been written to convert non-believers, though. Instead, I present to you the purest form of the scientific method: experimentation through experience. I hand you the means to unlock this phenomenon, cultivate and control it, and make up your own mind about its truths. If nothing else, the meditative requirements for AP will dramatically improve your physical and mental well-being. When you do experience your first OBE, as I know you will, it will unlock pathways to other realities, worlds, and dimensions and will expand your knowledge of yourself and the universe you inhabit like nothing before. So are you ready to take the last steps of your old life and the first baby steps into a universe so vast that it boggles the mind? Are you ready to enter a state that will reflect just how narrow your understanding of life has been up to this point? Let's get started.
