**The Geographies of African American Short Fiction** Kenton Rambsy, 2022-03-25 Perhaps the brevity of short fiction accounts for the relatively scant attention devoted to it by scholars who have historically concentrated on longer prose narratives. *The Geographies of African American Short Fiction* seeks to fill this gap by analyzing the ways African American short story writers plotted a diverse range of characters across multiple locations: small towns, a famous metropolis, city sidewalks, a rural wooded area, apartment buildings, a pond, a general store, a prison, and more. In the process, these writers highlighted the extents to which places and spaces shaped or situated racial representations. Presenting African American short story writers as cultural cartographers, author Kenton Rambsy documents the variety of geographical references within their short stories to show how these authors make cultural spaces integral to their artwork and inscribe their stories with layered and resonant social histories. The history of these short stories also documents the circulation of compositions across dozens of literary collections for nearly a century. Anthology editors solidified the significance of a core group of short story authors including James Baldwin, Toni Cade Bambara, Charles Chesnutt, Ralph Ellison, Zora Neale Hurston, and Richard Wright. Using quantitative information and an extensive literary dataset, *The Geographies of African American Short Fiction* explores how editorial practices shaped the canon of African American short fiction.

**Encyclopedia of African American History, 1896 to the Present** Paul Finkelman, 2009 Alphabetically arranged entries from A to C that explore significant events, major persons, organizations, and political and social movements in African American history from 1896 to the twenty-first century.

[Encyclopedia of African American History, 1619-1895](#) Paul Finkelman, 2006-04-06 It is impossible to understand America without understanding the history of African Americans. In nearly seven hundred entries, the *Encyclopedia of African American History, 1619-1895* documents the full range of the African American experience during that period, from the arrival of the first slave ship to the death of Frederick Douglass, and shows how all aspects of American culture, history, and national identity have been profoundly influenced by the experience of African Americans. The encyclopedia covers an extraordinary range of subjects. Major topics such as Abolitionism, Black Nationalism, the Civil War, the Dred Scott case, Reconstruction, Slave Rebellions, and Insurrections, the Underground Railroad, and Voting Rights are given the in-depth treatment one would expect. But the encyclopedia also contains hundreds of fascinating entries on less obvious subjects such as the African Grove Theatre, Black Seafarers, Buffalo Soldiers, the Catholic Church, and African Americans' Cemeteries and Burials, Gender, Midwifery, New York African Free Schools, Oratory, and Verbal Arts, Religion, and Slavery, the Secret Six, and much more. In addition, the encyclopedia offers brief biographies of important African Americans as well as white Americans who have played a significant role in African American history, from Crispus Attucks, John Brown, and Henry Ward Beecher to Olaudah Equiano, Frederick Douglass, Sarah Grimké, Sojourner Truth, Nat Turner, Phillis Wheatley, and many others. All of the encyclopedia's alphabetically arranged entries are accessibly written and free of jargon and technical terms. To facilitate

ease of use many composite entries gather similar topics under one headword The entry for Slave Narratives for example includes three subentries The Slave Narrative in America from the Colonial Period to the Civil War Interpreting Slave Narratives and African and British Slave Narratives A headnote detailing the various subentries introduces each composite entry Selective bibliographies and cross references appear at the end of each article to direct readers to related articles within the Encyclopedia and to primary sources and scholarly works beyond it A topical outline chronology of major events nearly 300 black and white illustrations and comprehensive index further enhance the work s usefulness *The Oxford Handbook of African American Citizenship, 1865-Present* Henry Louis Gates, Jr.,2012-05-24 Collection of essays tracing the historical evolution of African American experiences from the dawn of Reconstruction onward through the perspectives of sociology political science law economics education and psychology As a whole the book is a systematic study of the gap between promise and performance of African Americans since 1865 Over the course of thirty four chapters contributors present a portrait of the particular hurdles faced by African Americans and the distinctive contributions African Americans have made to the development of U S institutions and culture From publisher description [Press and Publications Summary](#) United States Information Service (Taipei, Taiwan),1962 [Occasional Views](#) Samuel R.
