Hogue, 2020-02-10 A comprehensive guide to the theory research and practice of violence risk management The Wiley Handbook of What Works in Violence Risk Management Theory Research and Practice offers a comprehensive guide to the theory research and practice of violence risk management With contributions from a panel of noted international experts the book explores the most recent advances to the theoretical understanding assessment and management of violent behavior Designed to be an accessible resource the highly readable chapters address common issues associated with violent behavior such as alcohol misuse and the less common issues for example offenders with intellectual disabilities Written for both those new to the field and professionals with years of experience the book offers a wide ranging review of who commit acts of violence their prevalence in society and the most recent explanations for their behavior The contributors explore various assessment approaches and highlight specialized risk assessment instruments The Handbook provides the latest evidence on effective treatment and risk management and includes a number of well established and effective treatment interventions for violent offenders This important book Contains an authoritative and comprehensive guide to the topic Includes contributions from an international panel of experts Offers information on violence risk formulation Reveals the most recent techniques in violence risk assessment Explains what works in violence intervention Reviews specialty clinical

assessments Written for clinicians and other professionals in the field of violence prevention and assessment The Wiley Handbook of What Works in Violence Risk Management is unique in its approach because it offers a comprehensive review of the topic rather than like other books on the market that take a narrower view **Effective Anger Management For**

Children And Youth: The Manual And The Workbook Rebecca P Ang,Yoon Phaik Ooi,Nikki Lim-ashworth,2014-10-10

The Effective Anger Management for Children and Youth manual and workbook are specially designed for teachers counsellors social workers psychologists and other mental health professionals who assist in various capacities in working with children who exhibit anger and aggression problems The ideas materials suggested activities and games included in this resource book are applicable to both primary and secondary school children The purpose of this resource book is to provide practical strategies divided into 12 lessons that teachers and mental health professionals can implement it is a how to book on enhancing children s emotion management problem solving and social skills *Security Manual* Mr David

Brooksbank,2012-09-28 Security Manual provides practical guidance on all aspects of security work and is a ready made source of information for all members of the security profession including managers supervisors and trainers This eighth edition has been fully restructured to better reflect recent changes in the criminal law fire protection and security practices New chapters on powers of arrest industrial disputes conflict resolution dealing with emergencies cultural awareness and door supervising have been added including the latest information and procedures that should be adopted in relation to an act of terrorism The manual continues to pay attention to the law of theft other criminal offences affecting security and the basics of security practice and can rightly be regarded as the standard overall work on the subject and a practical reference for existing security practitioners and those who are aspiring to enter the security profession Security Manual is also ideal for those seeking professional qualifications such as NVQ Levels 1 2 and 3 in Security Guarding and for Supervisors NVQ Level 3 in Investigations C G BIIAB and NCFE qualifications in Door Supervision Security Manual is the essential guide to this subject and has been described as standard issue for every security officer along with the uniform *Handbook of*

Violence Lisa A. Rapp-Paglicci,Albert R. Roberts,John S. Wodarski,2002-07-03 A multidisciplinary team of experts examines violence from a resilience perspective Violence knows no boundaries It attacks in schools in families and even in the workforce places that should be regarded as safe havens Encompassing the enormity of violence through a comprehensive biopsychosocial perspective Handbook of Violence examines community school family and workplace violence including identification classification prevention and intervention programs and case management Written by the leading authorities in their fields this groundbreaking compilation Reviews how children and adolescents from violent homes are detrimentally affected in multiple ways including short and long term consequences that seriously impair their psychological social educational and physical development Explores issues related to the occurrence of domestic violence in African American families presenting an array of theoretical formulations that may prove useful to practitioners who must service both victims

and perpetrators Examines the prevalence of female juvenile delinquency and reviews the literature from a sociological and practice perspective Focuses on the current trends and issues surrounding youth gang violence discussing identification classification and prediction as they relate to gang violence as well as effective prevention and intervention Addresses the identification classification and prediction of school violence among middle school and high school youth Covers the broad range of cases that are classified as workplace violence examining the differences in definition and analyzing the bases for the growing prevalence of incidents Topics include Violence within families through the life span Adolescent dating violence Assessing violent behavior Domestic violence in Latino cultures Conduct disorder and substance abuse Youth gang violence School violence Preventing workplace violence Domestic violence in the workplace And much more Handbook of Violence Risk Assessment and Treatment Joel T. Andrade, 2009-03-23 This book describes violence risk assessment in both juveniles and adults incorporating dynamic and static factors along with treatment alternatives Research and practice are combined quite nicely along with assessment and treatment There is something for everyone here Score 91 4 stars Doody's Forensic clinicians will find this book to be a valuable reference book as well as a very useful clinical treatment guide relevant to violent offenders Jeffrey L Metzner MD Mental health practitioners are confronted with the difficult task of assessing the risk that offenders pose to the general public This comprehensive volume provides practitioners with the knowledge and insight necessary to conduct violence risk assessments and to synthesize clinical and research data into comprehensive reports and oral testimony Violence risk assessment requires a well formulated and comprehensive risk management plan Andrade and the authors present that plan and demonstrate how it can be clearly implemented in practice With numerous clinical case studies this book illustrates the process of conducting violence risk assessments outlines the tools used in these evaluations and explains how information is translated into an overall assessment and guide for future risk management Key Features Investigates the etiology of violent behavior and provides a review and analysis of recent literature Discusses both adult and youth violence providing insight into the developmental course of aggressive behavior throughout the lifespan Contains chapters on special populations including female offenders intimate partners psychopathic and mentally ill offenders and sexually abusive youth Useful to practitioners from various fields including social work psychology and psychiatry as well as students in these disciplines Ultimately this book provides practitioners with an understanding of risk assessment treatment and risk management serving as an authoritative guide to applying empirical findings to mental health practice

Handbook of Evidence-Based Treatment Manuals for Children and Adolescents Craig W. LeCroy, 2008-04-18 With the advance of evidence based practice has come the publication of numerous dense volumes reviewing the theoretical and empirical components of child and adolescent treatment There are also a variety of detailed treatment manuals that describe the step by step procedures to guide ongoing research and practice The second edition of Craig Winston LeCroy's *Handbook of Evidence Based Child and Adolescent Treatment Manuals* is a forceful combination of the two approaches as he gathers

fifteen varied treatment manuals and brief summaries of the research supporting each to ensure that practitioners will truly understand how to implement the treatments they are using A completely revised and expanded edition of the handbook s first edition this is an essential guide to some of the best programs for helping children and teens Each chapter begins with an explanatory section that discusses the theoretical and empirical underpinnings of the programs The treatment manual follows leading readers through sessions with specific details about conducting the treatment that have been refined and improved through extensive testing and research Organized into three sections the major clinical disorders social problems confronting children and teens and preventive interventions the Handbook brings together some of the most esteemed researcher practitioners in the child and adolescent field The book presents an impressive variety of innovative treatment programs and techniques including the SiHLE program intended to prevent problems confronting children and teens and preventive interventions the Handbook brings together some of the most esteemed researcher practitioners in the child and adolescent field The book presents an impressive variety of innovative treatment programs and techniques including the SiHLE program intended to prevent HIV through education and self esteem building the Children of Divorce Intervention Program a therapy for younger children stressing resilience and skill building and Strengths Oriented Family Therapy which reaches out to substance involved adolescents and their families The Handbook of Evidence Based Child and Adolescent Treatment Manuals is an indispensable reference for researchers graduate students and practitioners working with children and adolescents in a multitude of settings from schools and juvenile correction centers to group homes and family service agencies

Handbook of Adolescent Development Sandy Jackson,Luc Goossens,2020-01-29 Handbook of Adolescent Development fills a gap in the literature on adolescent development and behaviour all of the authors of the various chapters were invited to include as many findings on European adolescents as possible Through this specific emphasis the handbook provides a complement to other reviews of the literature that are mostly based on North American samples The contributors are all eminent researchers in the field and the individual chapters cover their specific areas of expertise Theories of adolescence along with emotional physical and cognitive issues are explored Topics covered include families peer relations school and leisure time as well as problem areas such as depression drug consumption and delinquency Handbook of Adolescent Development also incorporates a comprehensive review of the literature in the area and considers avenues for future research This multidisciplinary text will be of interest to those studying and researching in the fields of developmental psychology sociology demography epidemiology and criminology

The Prevention and Management of Violence Masum Khwaja,Peter Tyrer,2023-05-11 This book provides a comprehensive overview of and best practice evidence based guidance on the prevention and management of aggression and violence by patients with mental disorder across a variety of different settings and specialist patient groups General aspects of violence management are covered alongside both pharmacological and psychological interventions In this second edition first edition chapters have been fully revised and

greatly expanded with new chapters on working with violence in children criminal and youth justice liaison and diversion systems forensic psychiatry and adult inpatient secure settings the relationship between violence and mental health inequality in the Black Asian and Minority Ethnic communities service user involvement in training and engagement with patients and carers It will be of use to a wide range of mental health professionals working in community in patient and forensic including prison settings as well as clinicians dealing with potentially violent incidents day to day
