Exploring science's new biological understanding of essential oils and their advantages over synthetic drugs renowned aromatherapist Kurt Schnaubelt reveals how the effectiveness of essential oil treatments stems from our common biochemical and cellular heritage with plants. He explains how essential oils preserve a plant's complex natural life supporting and immune building qualities developed through millions of years of interaction with animals and humans. Reviewing recent research in molecular cellular and evolutionary biology he shows how the multilayered activity of plant essences helps maintain the integrity of our genetic code the reason why pathogens cannot develop resistance toward essential oils as they do with antibiotics and antivirals making essential oils a more effective and sustainable form of treatment for a variety of health problems. Laying to rest old arguments over essential oils alleged toxicity and whether they can be ingested or used undiluted Schnaubelt presents simple recipes and protocols for treating and preventing common ailments such as colds flu herpes and candida as well as for pain management. Offering new essential oil treatment opportunities for hepatitis osteoporosis liver detoxification and the prevention of UV damage and melanoma he shows how essential oils can also ameliorate the debilitating side effects of chemotherapy and other cancer treatments as well as how even home use of essential oils for relaxation or skin care can help build one's immunity and overall well being.

Aromatherapy and Chakras Salvatore Battaglia, 2020-11-13 The aromatherapy and chakras workshop that I have been teaching for over 20 years has always been my most popular workshop. It is an excellent way to incorporate my passion for essential oils within a holistic framework to promote personal and spiritual growth. Many of us are aware of chakras and have some understanding of how they influence our wellbeing however the origins of chakras are shrouded in mystery. In *Aromatherapy and Chakras* balancing your body's energy centres for optimal health and wellbeing I will demystify the origins of the chakras I share with you my personal journey into the chakras and provide you with my interpretation of how we can use chakras to reconnect our body mind and spirit. I hope that this book provides you with insight to use essential oils within a holistic framework of the Western concept of chakras as psycho energetic centres and energy medicine. I introduce you to the principles of subtle therapies and energy medicine. We examine the scientific evidence for the existence of chakras and review the results of a study that confirms the relationship between the chakras and essential oils.
