DeSpain,2025-06-26 What can theology offer philosophical discussions of autonomy In this distinctive collection of essays Insole and DeSpain lead a cadre of academics from across the world in answering this question In doing so they challenge the narrow conception of liberalism that has characterised much of the discussion around autonomy The contributions disrupt traditional methodologies by starting with analyses of urgent and concrete situations where the concept of autonomy is employed misappropriated or even challenged These scenarios include essays on trauma transgender issues disability and end of life debates This volume also explores broader political issues that relate to autonomy such as democracy the economy and migration Each chapter maintains a focused concern with social justice whilst demonstrating how a religious dimension can expand our understanding of the concept of autonomy This is sure to be a valuable resource for any theologians philosophers or intellectual historians looking to view autonomy from a fresh and contemporary angle

Forgiveness from a Feminist Perspective Kathryn Norlock,2008-12-16 This philosophical monograph on forgiveness is the first of its kind to be written from a feminist perspective Kathryn J Norlock urges scholars to attend to gender when analyzing and recommending forgiveness in practice She demonstrates that while many academics find the concept of forgiveness both complex and fascinating they seldom pay attention to the fact that issue of forgiveness intersect with those of gender in many crucial ways By redefining forgiveness and what constitutes as an act of forgiveness Norlock encourages readers to consider new questions about the advisability of trying to have a single universal set of conditions for forgiveness because of the multidimensional nature of its practice and application

Narrating Illness: Prospects and Constraints Joanna Davidson,Yomna Saber,2019-07-22 This volume was first published by Inter Disciplinary Press in 2016 Telling the story of illness emerges from a landscape of pain grief and loss but its therapeutic value is indubitable This volume grapples with the potentials and limitations of such narratives as diverse cultural perceptions and realities are granted the voice to probe into those stories from literary and textual material as well as empirical ethnographic historical and personal bases Some of the chapters draw upon the capacity of storytelling to heal bodies and souls whereas others provide an important corrective to this overwhelmingly optimistic portrayal by focusing on the limits of storytelling and narrative to address physical and psychic trauma Despite the different approaches what ties these chapters together is a more focused textual and contextual analysis of the intersection between forms of storytelling and sharing the experience of illness as studied and witnessed and sometimes even lived by the authors of the volume

Law's Relations Jennifer Nedelsky,2011-06-30 In this brilliantly innovative work Jennifer Nedelsky claims that we must rethink our notion of autonomy rejecting the usual vocabulary of control boundaries and individual rights If we understand that we are fundamentally in relation to others she argues we will
