As One Without Authority Fourth Edition Revised And With New Sermons:

As One Without Authority Fred B Craddock, 2001-09-01 This update of Craddock's original work on inductive preaching remains one of the most important contributions to homiletic scholarship Revised with three new sermons inclusive language and NRSV texts it is still as fresh and provocative as ever

That Which They Can't See David Van Brugge, 2025-01-20 In this retrieval study David Van Brugge addresses how the current understanding of a homiletical use of imagination for expository preaching might be strengthened The current need for strengthening becomes apparent when the various understandings of imagination and their implications for practical theology are realized This is compounded as trends in homiletics seem to minimize the imagination or embrace it in modern or postmodern ways The original contribution of this study is recognizing that the homiletical use of imagination can be strengthened by retrieving the Puritan baroque characteristics of Jonathan Edwards imagination as evidenced in his sermons to the Stockbridge Indians of 1751-1758 Edwards drew on a rich background to display an imagination that synthesized thoughts and ideas thought beyond the senses and that by the grace of God transformed thought and practice Through that creative thought Edwards maintained Biblical exposition and appeal to the affections Van Brugge further develops and evaluates the idea of Puritan baroque characteristics concluding that it is a helpful characterization of Edwards Stockbridge Indian sermons In these sermons Edwards imaginatively used imagery light space movement and glorification for the ultimate goal of directing the affections of his audience towards God Such a use of imagination for affective purpose becomes a key for the strengthening of a homiletical use of imagination today

Speaking Together and with God John S. McClure, 2018-04-09 Ours is a time of unprecedented pessimism regarding the possibility of achieving consensus around moral issues Christian liturgical practices which are grounded in a communicative economy of love and mercy contain wisdom that might be of significant help What difference might it make if we confessed sin learned epistemic humility worked at overcoming self-deception interceded for others learned to go beyond empathy to compassion and advocacy for the well-being of all persons became willing to look beyond the possible for solutions etc and learned from the best homiletical practices how to justify and apply moral positions within an ethic of hospitality and care *Speaking Together* focuses on the roles that liturgical practices play in promoting genuinely communicative understanding oriented forms of action and explores how liturgical practices contribute to sincere multi-perspectival empathetic and truth-seeking conversations regarding moral norms in an increasingly pluralistic world What this means is that our liturgical practices are a way of speaking together and this shapes how we organize and inhabit a shared social life

Preach the Word Myles MacBean, 2019-11-11 How should we help equip the church leaders of Africa today There remains a well-documented lack of theologically sound Bible-centric preaching in Sub-Saharan Africa The majority of sermons are preached by untrained or undertrained church leaders Following a practical theology praxis this book develops a conceptual framework for the evaluation of existing alternative approaches to grassroots preacher training It

also proposes broad principles for effective preacher training and offers a practical solution The 20th century had seen the Christian church in Africa grow 36 fold to 360 million This amazing growth is arguably the largest religious change in human history in such a short period It has shifted the focus of Christianity from North to South This rapid growth is debatably considered by some missiologists and theologians to have resulted in an African church a mile wide and an inch deep That is a church of great size but lacking in spiritual depth The rapid growth has led to insufficient numbers of trained leaders being available to oversee their congregations Most leaders are unpaid Untrained or undertrained leaders have an inadequate knowledge of scripture and lack understanding of its interpretation They also lack the skills they need to communicate its truths Even so they preach up to 90% of the sermons in rural Africa Despite a tremendous hunger for training among many of those preachers traditional college based theological education cannot keep up with the demand for trained pastors and preachers in an affordable or culturally appropriate manner

Humor Us! Alyce M. McKenzie, Owen Hanley

Lynch, 2023-06-06 Homiletics textbooks often discourage the use of humor in preaching regarding it as trivializing or distracting The result is that many preachers have failed to understand humor s positive power demoting it to the opening joke to get a guaranteed guffaw to warm up the crowd Humor Us the second volume in the Preaching and series is a collaborative effort by homiletician Alyce M McKenzie and humor scholar Owen Hanley Lynch that promotes humor a force capable of great good to its rightful place in the pulpit Establishing humor as a divine gift Humor Us opens to preachers the world of humor studies with its positive portrayal of humor s usefulness to speak truth to power unite people in their common humanity and strengthen them to cope and survive in tough times Humor Us helps preachers understand how humor works and shows them in very practical and specific ways how preachers can put it to work in their sermons It combines the wealth of knowledge of two highly regarded scholars practitioners to show how humor can become a potent tool for sharing the good news in sermons McKenzie and Lynch prove that humor when applied thoughtfully can foster compassion and a sense of common humanity help challenge an unjust status quo and invite listeners into a shared experience of the presence of God

Third Voice Michael P. Knowles, 2021-01-14 What makes for powerful preaching Careful exegesis logical structure interesting illustrations and clear speech can all help But truly transformative preaching depends on divine power not human skill alone Those who would reduce preaching to simple systems or sure fire strategies for success will find little of interest here Instead this book appeals to those pastors and academics alike who find themselves confounded by the occasional futility of their best preaching and the unexpected success of their worst It invites readers to enter more deeply into the uncontrollable mystery that attends all efforts to speak in the name of Christ above all on the topic of resurrection Although the gospel always turns our attention to the crucified and risen Lord preaching about resurrection calls us to trust that the same God who raised Jesus from death will likewise grant life to us as preachers to our sermons and to our hearers alike Drawing on resources as diverse as Luther s understanding of the Christian gospel Speech Act theory and Bhabha s concept

of Third Space Third Voice Preaching Resurrection argues that the true key to effective preaching is not rhetoric but spirituality *Pastoral Ministry in the Real World* Jim L. Wilson, 2018-11-30 Pastoral Ministry in the Real World not only explores the character of a worthy minister but also his three primary functions loving teaching and leading God's people The book applies the timeless biblical instructions for pastors to the ever changing realities of today's ministry environment

The Trouble with "Truth through Personality" Charles W. Fuller, 2010-04-05 In an era when the cult of personality has overtaken the task of preaching Charles W Fuller offers an engaging query into the necessary boundaries between the person of the preacher and the message preached By thoroughly evaluating Phillips Brooks's classic truth through personality definition of preaching Fuller brings to light a substantial error that remains in contemporary homiletics namely the tenuous correlation between Christ's incarnation and Christian preaching Ultimately Fuller asserts a sound evangelical framework for preaching on revelational ontological rhetorical and teleological grounds Preachers who desire to construct pulpit practice upon a robust evangelical foundation will benefit from Fuller's contribution *The Literary churchman*, 1883

Prophecies and the Prophetic Spirit in the Christian Era John J. Ign. Von Döllinger, 2023-08-20 Reprint of the original first published in 1873 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost
