Culture, Ideology, Hegemony K. N.

Panikkar, 2002 This volume explores the interconnections between culture ideology and hegemony in an effort to understand and explain how Indians came to terms with colonial subjection and envisioned a future for the society in which they lived The process of exploring the indigenous epistemological tradition and assessing it in the context of advances made by the west was not unilinear and undifferentiated it was driven with contradictions contentions and ruptures Locating intellectual history at the intersection of social and cultural history the eight essays in this book cover a wide range of issues moving from an overview of religious and social ideas in colonial India to empirical studies of themes such as indigenous medicine the family and literary fiction Professor Panikkar contests both the imperialist and nationalist paradigms of intellectual history Meticulously researched and lucidly argued his analysis is illuminated by a rare sensitivity to the nature of class formation and class values as well as to the material conditions of human existence **Indian Drama** Publications Division, 2016-09-10 The book explores the various histories and aspects of Indian drama in different languages *Culture and the Making of Identity in Contemporary India* Kamala Ganesh, Usha Thakkar, 2005-07-13 This collection of 17 original essays provides insights into the many ways in which the interrelated issues of culture identity and Indianness are expressed in contemporary times The contributors map and evaluate the developments in their respective fields over the past 50 years and cover the topics of art music theatre literature philosophy science history and feminism **Encyclopaedia of the Hindu World (Volume 3)** Ganga Ram Garg, 1992-01-01 The number of paths to the One Infinite is necessarily infinite according to Hinduism it is this recognition of many paths each valid in itself that gives to Hinduism its immense variety Hinduism is thus like a huge river with an innumerable tributaries It Contains within it the influence of many cultures The culture of the Aryans Dravidian and the tribal peoples the culture of the later invaders the influence of Buddhism Jainism etc to which Hinduism gave birth and of Islam and Christianity which came from outside can be traced at various stages of the evolution of Hindu thought The Hindu scheme of life thus leaves a man free to think for himself while providing him with a background in the form of a long tradition hailing from the Vedic times Many people would prefer to be guided by a flexible schemes of life which Hinduism represents than by a seat of rigid unalterable dogmas which lose their importance with the passing of time Moreover Hinduism is a Continuous process and is still in the making **Doctoring Traditions** Projit Bihari, 2016-10-14 Like many of the traditional medicines of South Asia Ayurvedic practice transformed dramatically in the later nineteenth and early twentieth centuries With Doctoring Tradition Projit Bihari Mukharji offers a close look at that recasting upending the widely held yet little examined belief that it was the result of the introduction of Western anatomical knowledge and cadaveric dissection Rather Mukharji reveals what instigated those changes were a number of small technologies that were introduced in the period by Ayurvedic physicians men who were simultaneously Victorian gentlemen

and members of a particular Bengali caste The introduction of these devices including thermometers watches and microscopes Mukharji shows ultimately led to a dramatic reimagining of the body By the 1930s there emerged a new Ayurvedic body that was marked as distinct from a biomedical body Despite the protestations of difference this new Ayurvedic body was largely compatible with it The more irreconcilable elements of the old Ayurvedic body were then rendered therapeutically indefensible and impossible to imagine in practice The new Ayurvedic medicine was the product not of an embrace of Western approaches but of a creative attempt to develop a viable alternative to the Western tradition by braiding together elements drawn from internally diverse traditions of the West and the East **A History of Indian**

Literature: 1911-1956, struggle for freedom : triumph and tragedy Sisir Kumar Das,2005 Presents the Indian literatures not in isolation in one another but as related components in a larger complex conspicuous by the existence of age old multilingualism and a variety of literary traditions *Directory of Lion Leaders of India 2017-18* PMJF Lion Vijay Kumar Raju, Chairman of LCCI,2017-09-06 All India Lion Leaders Directory for the year Lionistic Centenary year 2017 18 is published by Lion Vijay Kumar Raju Chairman of Lions Co ordination Council of India The print edition is released in Sept 2017 Here you find the Digital Edition of the Directory as a replica of the print edition to enable portability All the new Lion Leaders like DG FVDG SVDG and International Directors are Elected recently are updated including the latest Sub Division of MD 323 to 4 MDs **Contemporary Indian Short Stories** Bhabani Bhattacharya,2006 *Nationalizing the Body* Projit Bihari Mukharji,2011 This book seeks to move emphasis away from the over riding importance given to the state in existing studies of western medicine in India and locates medical practice within its cultural social and professional milieus Based on Bengali doctors writings this book examines how various medical problems challenges and debates were understood and interpreted within overlapping contexts of social identities and politics on the one hand and their function within a largely unregulated medical market on the other
