Game Writing Chris Bateman, 2021-01-28 As the videogame industry has grown up the need for better stories and characters has dramatically increased yet traditional screenwriting techniques alone cannot equip writers for the unique challenges of writing stories where the actions and decisions of a diverse range of players are at the centre of every narrative experience *Game Writing Narrative Skills for Videogames* was the first book to demystify the emerging field of game writing by identifying and explaining the skills required for creating videogame narrative Through the insights and experiences of professional game writers this revised edition captures a snapshot of the narrative skills employed in today s game industry and presents them as practical articles accompanied by exercises for developing the skills discussed The book carefully explains the foundations of the craft of game writing detailing all aspects of the process from the basics of narrative to guiding the player and the challenges of nonlinear storytelling Throughout the book there is a strong emphasis on the skills developers and publishers expect game writers to know This second edition brings the material up to date and adds four new chapters covering MMOs script formats narrative design for urban games and new ways to think about videogame narrative as an art form Suitable for both beginners and experienced writers *Game Writing* is the essential guide to all the techniques of game writing There s no better starting point for someone wishing to get into this exciting field whether they are new game writers wishing to hone their skills or screenwriters hoping to transfer their skills to the games industry

Playing with the Guys Marc A. Ouellette, 2021-06-08 A lot of work has been done talking about what masculinity is and what it does within video games but less has been given to considering how and why this happens and the processes involved This book considers the array of daily relationships involved in producing masculinity and how those actions and relationships translate to video games Moreover it examines the ways the actual play of the games maps onto the stories to create contradictory moments that show that while toxic masculinity certainly exists it is far from inevitable Topics covered include the nature of masculine apprenticeship and

nurturing labor fatherhood the scapegoating of women and reckoning with mortality among many others Understanding Video Games Simon Egenfeldt-Nielsen, Jonas Heide Smith, Susana Pajares Tosca, 2024-05-08 The fifth edition of this pioneering textbook takes video game studies into the next decade highlighting changes in mobile social and casual gaming This book introduces students to both the major theories used to analyze games such as ludology and narratology and the commercial and organizational aspects of the game industry Drawing from historical and contemporary examples this student friendly text also explores the aesthetics of games evaluates the cultural position of video games and considers the potential effects of both violent and serious games This new edition includes updates to the history statistics and developments in the vast game studies landscape throughout The book has been expanded with additional theory research and insights from scholars around the world making it more inclusive and broadening its global perspective Extensively illustrated and featuring discussion questions a glossary of key terms and a detailed video game history timeline Understanding Video Games Fifth Edition is an indispensable resource for anyone interested in examining the ways video games are reshaping entertainment education and society Romance in the Digital Game Amy Brierley-Beare, 2025-09-30 In the last decade the popularity of romance in the AAA game has exploded It has become an expectation for major releases and a regular object of fan obsession High profile games such as Baldur's Gate III 2023 Cyberpunk 2077 2020 and Starfield 2023 prominently feature in game romance in their multimillion dollar promotional campaigns Moreover rampant speculation by gaming journalists and fans about who is romanceable will regularly accompany the announcement of a new title However representations of romance have long been under examined and vaguely defined by scholars This leaves important questions unanswered How does the digital game mediate cultural attitudes towards love and sex How can we classify representations of romance in the digital game Does romance simply replicate existing hegemonies surrounding gender and sexuality or does it offer a space for transgressive play Book title positions optional romance in the AAA game as a central object of analysis Based on the close analysis of some of the most commercially and culturally significant games of the last 30 years like Grand Theft Auto IV 2008 the Mass Effect series 2007-21 and the Elder Scrolls series 1994-2024 it is the first full length monograph to effectively and comprehensively categorise how mainstream gaming asks its audience to engage with romance It interrogates the idiosyncrasies of romance in the popular games to provide fresh insights into messaging surrounding normative social understandings of love sex and intimacy By theorising four representational categories of romance Limerent Physical Domestic and Ludic Automatic Love introduces a new theoretical framework for scholars to understand romance gender and sexuality in gaming Introduction to Game Design, Prototyping, and Development Jeremy Gibson, Jeremy Gibson Bond, 2015 This hands on guide covers both game development and design and both Unity and C# This guide illuminates the basic tenets of game design and presents a detailed project based introduction to game prototyping and development using both paper and the Unity game engine *Videogame Sciences and Arts* Nelson Zagalo, Ana Isabel
