## How To Play The APBA Major League Baseball Game

Select nine players from each of two teams and arrange them in batting order with the first batter on top, second underneath, and so on.

Choose the batting position for each team — also make — and make written notation of each team on score sheet. The batting position on each player's card appears after the name of his position.

Place one of the goals of each position after his name on the score sheet.

(A complete box score is not necessary to play the APBA baseball game, but it makes for a more interesting record if complete records are kept on each player. When a regular league schedule is played one of the most fascinating features of the game is how, if individual batting, hitting and pitching records are not kept.)

Now you are ready to play. The winning team emerges into the field for the first batter. (The players must not play the APBA game by rolling the dice for both teams. However, there is more realism in doing using competitive team management between two games.)

**THE DICE NUMBERS ARE COMBINED, NOT ADDED. WITH THE NUMBERS OF THE LARGER DIE BEING READ FIRST.**

Example: A six and a three are rolled and the six is on the larger die — the number is six-three. If the three were on the larger die, the number would be thirty-six.

Now look for the red number on the batter's card after the black dice number. It gives the batter's position after the first previous time at bat. Find this number on the playing board under the appropriate base notation to see what the batter does.

Some of the cards have two columns of red numbers after the dice numbers. Always refer to the first column on each card, and if that number happens to be a zero (0), then roll the dice a second time and refer to the second column opposite the dice number for the final result of the time at bat.

After each time at bat put the player's card on the bottom of the pack and continue to deal three new cards, in which team the opposing team goes to bat.

**BE SURE TO OBSERVE THE PITCHING AND FIELDING INSTRUCTIONS ON THE PLAYING BOARD.**

When playing a longer schedule be sure to give each regular position at least a three-game rest between pitching assignments for most reliable results. Otherwise only the high-grade position might be used. A rotation use of each position and pitch limits also is recommended.

The APBA Major League Baseball Game provides for strategic team management through the use of optimal positions, superior plays, coaching of base runners, hit and run plays, intentional walks, pulling the infield in with a runner on third, the judicious use of relief pitchers and pinch hitters and the consequences of the team batting order.

FOR REALISTIC RESULTS THE SQUEEZE AND HIT-AND-RUN PLAYS MUST NOT BE OVERUSED.
