Bite Club Rachel Caine, 2016-10-07 Morganville Texas is a quiet college town where humans and vampires live in relative peace But lately a great deal of blood is being spilled not in a feeding frenzy but for someone's twisted idea of entertainment After discovering that vampires populate Morganville and surviving a number of adventures with her new night dwelling friends college student Claire Danvers has come to realise that for the most part the undead just want to live their lives But someone else wants them to get ready to rumble There's a new extreme sport being broadcast over the Internet bare knuckle fights pitting captured vampires against one another or worse against humans Tracking the out of town signal leads Claire accompanied by a loyal group of friends and frenemies to discover that what started as an online brawl will soon threaten everyone in Morganville And if they want to survive they'll have to do a lot more than fight *Bite Club* Rachel

With its eclectic mix of vampire and human citizens Morganville Texas has always been a risky place to call home But with the invasion of the vampire's deadliest enemy Morganville isn't just in danger it's dying Ever since the draug mysterious creatures that prey on vampires took over Morganville the lives of student Claire Danvers and her friends have been thrown into turmoil Most of the town's residents have evacuated but Claire Shane Eve and Michael have chosen to stay and fight Using the city's water system to spread the draug have rapidly multiplied Things in Morganville look grim especially since vampire Amelie the town founder has been infected by the master draug's bite Now if Claire and her friends don't figure out how to cure Amelie and defeat the draug it looks like Morganville will become little more than a ghost town *Fall of Night* Rachel Caine, 2013-10-01 Thanks to its unique combination of human and vampire residents Morganville Texas is a small college town with big time problems When student Claire Danvers gets the chance to experience life on the outside she takes it But Morganville isn't the only

town with vampire trouble Claire never thought she'd get to leave Morganville but she can't pass up the chance to finally attend her dream school MIT After all getting to invent anti-vamp devices with Professor Anderson a Morganville exile herself sounds like a dream come true until Claire realizes that there are sinister forces in play and she's not the only one with a vampire related agenda Without her friends Shane Eve and Michael surviving a killer schedule may be hard but with them it might turn out to be impossible      *Bitter Blood* Rachel Caine,2013-04-02 For years the human and vampire residents of Morganville Texas have managed to co-exist in peace But now that the threat to the vampires has been defeated the human residents are learning that the gravest danger they face is the enemy within Thanks to the eradication of the parasitic creatures known as the draug the vampires of Morganville have been freed of their usual constraints With the vampires indulging their every whim the town's human population is determined to hold on to their lives by taking up arms But college student Claire Danvers isn't about to take sides considering she has ties to both the humans and the vampires To make matters worse a television show comes to Morganville looking for ghosts just as vampire and human politics collide Now Claire and her friends have to figure out how to keep the peace without ending up on the nightly news or worse      **Last Breath** Rachel Caine,2012-04-03 Student Claire Danvers learns that three vampires have vanished without a trace And after an uneasy encounter with Morganville's latest resident Claire is certain that the mysterious Magnus isn't human But is he a vampire or something else entirely One thing is clear Magnus is to blame for the disappearances And if vampires are turning into victims what chance does a human like Claire have of stopping him      *Ill Wind* Rachel Caine,2013-02-21 Joanne Baldwin is a Weather Warden Usually all it takes is a wave of her hand to tame the most violent weather But now Joanne is trying to outrun another kind of storm accusations of corruption and murder So she's resorting to the very human tactic of running for her life Her only hope is Lewis the most powerful Warden Unfortunately he's also on the run but Joanne and her classic Mustang are racing hard to find him because there's some bad weather closing in fast
