Whereas, Republic Act No. 6975, otherwise known as the "Department of the Interior and Local Government Act of 1990," provides that the task of jail management and penology shall be the responsibility of the Bureau of Jail Management and Penology (BJMP). As an institution, and pursuant to the mandate earlier mentioned, the BJMP has defined through consultative and participatory strategic planning sessions its vision, mission, powers, functions, values, objectives and principles;

Whereas, in view of the number of challenges brought about by time and circumstances having particular bearing on the bureau's operations, it behooves the BJMP to revisit its existing Comprehensive Operations Manual make it more responsive to the bureau's mandate of "Safekeeping and Development" of all district, city and municipal jail inmates;

Whereas, it has become imperative to ensure uniformity in the discharge of functions by all BJMP personnel concerned; to ensure uniformity in the implementation BJMP policies, rules and regulations; and to ensure uniformity in the treatment of inmates in BJMP-manned jails including those over which BJMP may exercise operational jurisdiction, by virtue of a Memorandum of Agreement (MOA);

NOW, THEREFORE, pursuant to Book IV of the Administrative Code of 1987, this second edition of BJMP Comprehensive Operations Manual is hereby adopted for observance, and guidance relative to ensuring humane safekeeping and development of inmates.

Inmate Radicalisation and Recruitment in Prisons Clarke Jones, Raymund Narag, 2018-12-07 It is traditionally viewed that vulnerable inmates form captive audiences for violent terrorist offenders who in turn are destined to turn prisons into training grounds for militant activities all the while forming alliances with more hardened criminals to produce an even greater threat However there is limited empirical grounding to underpin these assertions Inmate Radicalisation and Recruitment in Prisons challenges existing perceptions about prison radicalisation Whilst not downplaying the seriousness of the prison radicalisation threat it seeks a more balanced interpretation of current discussion Drawing on original research in the Philippines and case studies from Australia the US Canada Indonesia the UK France the Netherlands and Belgium the authors posit an alternative view that suggests that the imprisonment of a terrorist may mark the beginning of physical disengagement and psychological de radicalisation Offering evidence based insights to help determine how best to house terrorist offenders this volume will appeal to students and researchers interested in fields such as Criminology and Criminal Justice Terrorism Prisons and Organised Crime
