Black Greek 101 The Culture Customs And Challenges Of Black Fraternities And Sororities:

Black Greek 101 Walter M. Kimbrough, 2023-09-12 *Black Greek 101* analyzes the customs culture and challenges facing historically Black fraternal organizations The text provides a history of Black Greek organizations beyond the nine major organizations examining the pledging practice the growth of fraternalism outside of the mainstream organizations the vivid culture and practices of the groups and challenges for the future *African American Fraternities and Sororities* Tamara L. Brown, Gregory S. Parks, Clarenda M. Phillips, 2012-02-29 The rich history and social significance of the Divine Nine African American Greek letter organizations is explored in this comprehensive anthology In the long tradition of African American benevolent and secret societies intercollegiate African American fraternities and sororities have strong traditions of fostering brotherhood and sisterhood among their members exerting considerable influence in the African American community and being in the forefront of civic action community service and philanthropy Dr Martin Luther King Jr Toni Morrison Arthur Ashe and Sarah Vaughn are just a few of the trailblazing members of these organizations *African American Fraternities and Sororities* places the history of these organizations in context linking them to other movements and organizations that predated them and tying their history to the Civil Rights movement It explores various cultural aspects of the organizations such as auxiliary groups branding calls and stepping and highlights the unique role of African American sororities *Black Greek-letter Organizations in the Twenty-First Century* Gregory S. Parks, 2008-06-13 During the twentieth century black Greek Letter organizations BGLOs united college students dedicated to excellence fostered kinship and uplifted African Americans Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr Congresswoman Barbara Jordan novelist Toni Morrison and Wall Street pioneer Reginald F Lewis Despite the profound influence of these groups many now question the continuing relevance of BGLOs arguing that their golden age has passed Partly because of their perceived link to hip hop culture black fraternities and sororities have been unfairly reduced to a media stereotype a world of hazing without any real substance The general public knows very little about BGLOs and surprisingly the members themselves often do not have a thorough understanding of their history and culture or of the issues currently facing their organizations To foster a greater engagement with the history and contributions of BGLOs *Black Greek Letter Organizations in the Twenty first Century Our Fight Has Just Begun* brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members Editor Gregory S Parks and the contributing authors provide historical context for the development of BGLOs exploring their service activities as well as their relationships with other prominent African American institutions The book examines BGLOs responses to a number of contemporary issues including non black membership homosexuality within BGLOs and the perception of BGLOs as educated gangs As illustrated by the organized response of BGLO members to the racial injustice they observed in Jena Louisiana these organizations still have a vital mission Both internally and externally BGLOs struggle to forge a relevant identity for the

new century Internally these groups wrestle with many issues including hazing homophobia petty intergroup competition and the difficulty of bridging the divide between college and alumni members Externally BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism sexism and other types of fear driven behavior By embracing the history of these organizations and exploring their continuing viability and relevance Black Greek Letter Organizations in the Twenty first Century demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead

Brothers and Sisters Craig LaRon Torbenson, Gregory Parks, 2009 The 1950s are arguably the watershed era in the civil rights movement with the landmark Supreme Court decision of Brown v Board of Education in 1954 the Montgomery Bus Boycott in 1955 and the desegregation of Little Rock Arkansas High School in 1957 It was during this period 1955 to be exact that sociologist Alfred M Lee published his seminal work *Fraternities without Brotherhood A Study of Prejudice on the American Campus* Lee's book was the first and last book to explore diversity within college fraternal groups More than fifty years later Craig L Torbenson and Gregory S Parks revisit this issue more broadly in their edited volume *Brothers and Sisters Diversity in College Fraternities and Sororities* This volume draws from a variety of disciplines in an attempt to provide a holistic analysis of diversity within collegiate fraternal life It also brings a wide range of scholarly approaches to the inquiry of diversity within college fraternities and sororities It explores not only from whence these groups have come but where they are currently situated and what issues arise as they progress

Hazing Hank Nuwer, 2018-03-01 When does becoming part of the team go too far For decades young men and women endured degrading and dangerous rituals in order to join sororities and fraternities while college administrators blindly accepted their consequences In recent years these practices have spilled over into the mainstream polluting military organizations sports teams and even secondary schools In *Destroying Young Lives Hazing in Schools and the Military* Hank Nuwer assembles an extraordinary cast of analysts to catalog the evolution of this dangerous practice from the first hazing death at Cornell University in 1863 to present day tragedies This hard hitting compilation addresses the numerous significant and often overlooked impacts of hazing including including sexual exploitation mental distress depression and even suicide *Destroying Young Lives* is a compelling look at how universities the military and other social groups can learn from past mistakes and protect their members going forward
