The one man he can't forget is the one whose memories could destroy them all. After the one man he trusted disappeared, it took Law Connor ten years to take a chance on another relationship. Trouble is right about the time he's finally ready to let go of the past; the past stages a hostile takeover. Back when they were teens, Styx was the boy with no memory. He and Law had each other's backs until he was forced to leave to keep Law safe. Now a CIA agent, he's finally discovered who he is and why he's a hunted man. Detective Paulo McMannus has almost succeeded in helping Law forget his lost love when Styx comes plowing back into their lives. No way is Paulo giving up his lover without a fight. Suddenly, Law finds himself on the run with Styx, the man who can still bring him to his knees, and with Paulo, the man who brought him back to life. The worst part? He can't choose between them. And it's getting harder to remember why he should.
