Bisbee Postcard History:

Bisbee Annie Graeme Larkin,2013-07-29 Visually the Bisbee of today remains a community frozen in time with Main Street retaining its character from 1910 The discovery of copper deposits in the Mule Mountains brought forth a wealth that enabled a substantial community Profitable mining ventures and a need for labor drew thousands of miners from around the world to work in Bisbee These individuals added a distinct flavor to the area Like countless other Western mining camps Bisbee evolved from a rough frontier community surviving disastrous fires and floods into a town with a substantial population and solid foundation Bisbees seemingly inexhaustible mineral wealth resulted in the community becoming a center of economic and political power in an emerging territory on its way to statehood It was Arizonas greatest copper camp

Bisbee Ethel Jackson Price,2004-08-25 In the early 1900s it was the largest city between St Louis and San Francisco bustling with the raw material of Wild West legends Bisbees infamous Brewery Gulch once supported 47 saloons and was considered the liveliest spot between El Paso and San Francisco By the 1970s opportunists had relieved Bisbees Mule Mountains of billions of pounds of copper 102 million ounces of silver 2 8 million ounces of gold and millions of pounds of zinc lead and manganese The ore reserves were depleted and when the last pickaxe struck plain old dirt a mass exodus of miners collapsed the real estate market But the lure of cheap land was a magnet for retirees hippies and artists Boarding houses were converted into charming bed and breakfasts Antique stores galleries cafes and restaurants replaced the saloons These days a vibrant and eclectic community of ranchers politicians and free spirits a well preserved architectural and historic heritage and the most perfect year round climate make Bisbee the county seat a one of a kind gem *Postcards*

from the Sonora Border Daniel D. Arreola,2017-02-21 Postcards from the Sonora Border Visualizing Place through a Popular Lens 1900s 1950s examines the urban landscapes of Mexican border cities through picture postcards This volume aims to capture the evolution of Sonora border towns over time and create a sense of visual time travel for the reader by relying on Arreola s personal collection of postcards Provided by publisher *Jacksonville in Vintage Postcards* Jacksonville Historical Society,2001 The Great Fire of May 3 1901 marked at once the end and the beginning of the City of Jacksonville A thriving port and a center for business and tourism until that point Jacksonville was devastated by the conflagration and yet even before the ashes had cooled a building boom began Prominent and aspiring architects flocked to the area and the opportunities it afforded them to create a twentieth century city Jacksonville s ensuing era of reconstruction and growth which would continue until the United States entered World War I in 1917 helped to define the city s present personality and appearance **Postcard America** Jeffrey L. Meikle,2016-01-20 This illustrated history of the colorized linen postcards of

the 1930s and 40s is an incredible tour A veritable treasure trove of American culture Crave Online From the Great Depression through the early postwar years any postcard sent in America was more than likely a linen card Colorized in vivid often exaggerated hues and printed on card stock embossed with a linen like texture linen postcards celebrated the American

scene with views of majestic landscapes modern cityscapes roadside attractions and other notable features These colorful images portrayed the United States as shimmering with promise quite unlike the black and white worlds of documentary photography or Life magazine Linen postcards were enormously popular with close to a billion printed and sold Postcard America offers the first comprehensive study of these cards and their cultural significance Drawing on the production files of Curt Teich Co of Chicago the originator of linen postcards Jeffrey L Meikle reveals how photographic views were transformed into colorized postcard images often by means of manipulation adding and deleting details or collaging bits and pieces from several photos He presents two extensive portfolios of postcards landscapes and cityscapes that comprise a representative iconography of linen postcard views For each image Meikle explains the postcard's subject describes aspects of its production and places it in social and cultural contexts In the concluding chapter he shifts from historical interpretation to a contemporary viewpoint considering nostalgia as a motive for collectors and others who are fascinated today by these striking images
