Black Muslims In America The Third Edition:

The Black Muslims in America Charles Eric Lincoln, 1994 The updated edition about the important but little understood black Muslim movement Philadelphia's Black Mafia S.P. Griffin, 2005-12-08 Philadelphia's Black Mafia could be used as primary reading in deviance and organized crime courses Academicians in the fields of criminology sociology history political science and African American Studies will find the book compelling and important This book provides the first sociological analysis to date of Philadelphia's infamous Black Mafia which has organized crime with varying degrees of success in predominantly African American sections of the city dating back to the late 1960's Philadelphia's Black Mafia is a first step in developing both data and sophisticated theoretical propositions germane to the ongoing study of organized crime uses primary source documents including confidential law enforcement files court transcripts and interviews explores the group's activities in detail depicting some of the most notorious crimes in Philadelphia's history thoroughly examines the organization of the Black Mafia and the group's alliances conspiracies and conflicts challenges many of the current historical and theoretical assumptions regarding organized crime **The Muslim Discovery of America** Frederick William Dame, 2013 Some so called authorities claim that Muslims came to America hundreds of years before Columbus arrived in the New World Are the claims true Columbus expedition represents the first major discovery of the Americas and the first appearance of non Native Americans The conventional wisdom is that Columbus ended tens of thousands of years of near total isolation for the Native Americans Since the Americas had been initially populated probably between 13 000 BC and 11 000 BC there had been no engagement with peoples from any other continent save small ventures by the Norse into Northeastern Canada Did Muslims come to the Americas possibly as early as the 700s These researchers argue that Muslims came from Islamic Spain particularly the port of Delba Pelos during the rule of Caliph Abdullah Ibn Mohammed 888-912 A Muslim historian Abul Hassan Ali Nadwi c. 895-957 added a map of the world to his book one that contained a large area in the ocean of darkness and fog the Atlantic ocean which he referred to as the unknown territory the Americas This book demonstrates that this assertion is important for Muslims because in conjunction with the relevant verses from the Koran and quotes from Mohammed it establishes the claim of Muslims that Allah intended America to be Islamic The book also investigates the lives of selected Muslims in America and organizations from the eighteenth century into the twenty first century It reveals that there was nothing more than a continuation of typical Islamic deception and subversive jihad It also documents the lie of the Islamic claim that hundreds of place names in the United States of America and Canada derive from Arabic Islamic roots Finally the book exposes the rewriting of American history by Islamic and pro Islamic media This book is alarming informative interesting and true **America's Other Muslims** Muhammad Fraser-Rahim, 2020-01-08 America's Other Muslims Imam W D Mohammed Islamic Reform and the Making of American Islam explores the oldest and perhaps the most important Muslim community in America whose story has received little attention in the contemporary context

Muhammad Fraser Rahim explores American Muslim Revivalist Imam W D Mohammed 1933 2008 and his contribution to the intellectual spiritual and philosophical thought of American Muslims as well as the contribution of Islamic thought by indigenous American Muslims The book details the intersection of the Africana experience and its encounter with race religion and Islamic reform Fraser Rahim spotlights the emergence of an American school of Islamic thought which was created and established by the son of the former Nation of Islam leader Imam W D Mohammed rejected his father's teachings and embraced normative Islam on his own terms while balancing classical Islam and his lived experience of Islam in the diaspora Likewise his interpretations of Islam were not only American they were also modern and responded to global trends in Islamic thought His interpretations of Blackness were not only American but also diasporic and pan African
