## **Born To Win The Authorized Biography Of Althea Gibson:**

**Born to Win** Frances Clayton Gray, Yanick Rice Lamb, 2004-08-26 Publisher Description Althea Gibson Beatrice Gormley, 2005 Althea Gibson 1927 2003 was the first black tennis player ever to compete in the U S Open and at Wimbledon in England This biography focuses on Gibson s spirited childhood and highlights the traits that later made her a champion Illustrations **Althea Gibson and Arthur Ashe** Jackie F. Stanmyre, 2015-12-15 Barriers have existed to deny people the chance to compete athletically based on their race ethnic background or sex Some athletes through their courage and class have broken down the barriers that have afflicted our society and sometimes affected greater social change Althea Gibson integrated tennis competition at its highest levels and Arthur Ashe used his success to challenge racism and apartheid and later to raise AIDS awareness *The Oxford Encyclopedia of Women in World History* Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

1957 Eric Burns, 2020-11-01 In 1957 America turned its back on its earlier self and jumped headlong into the nation it has become today From Sputnik and the beginning of the space race to Little Richard and the underappreciated influence of rock n roll in bringing blacks and whites closer together to President Eisenhower s Interstate Highway Act which forever changed the landscape 1957 represents the year when all of the energy and anxiety that had followed the end of World War II exploded In compelling stories from politics pop culture business and the media Eric Burns captures the excitement of a headspinning year and the lingering fallout that continues to resonate seven decades later For baby boomers seeking to relive their formative years or readers seeking a window into midcentury America 1957 provides a highly readable tour

through one of the most fascinating years in American history      *A Spectacular Leap* Jennifer H. Lansbury, 2014-04-01 When high jumper Alice Coachman won the high jump title at the 1941 national championships with a spectacular leap African American women had been participating in competitive sport for close to twenty five years Yet it would be another twenty years before they would experience something akin to the national fame and recognition that African American men had known since the 1930s the days of Joe Louis and Jesse Owens From the 1920s when black women athletes were confined to competing within the black community through the heady days of the late twentieth century when they ruled the world of women s track and field African American women found sport opened the door to a better life However they also discovered that success meant challenging perceptions that many Americans both black and white held of them Through the stories of six athletes Coachman Ora Washington Althea Gibson Wilma Rudolph Wyomia Tyus and Jackie Joyner Kersee Jennifer H Lansbury deftly follows the emergence of black women athletes from the African American community their confrontations with contemporary attitudes of race class and gender and their encounters with the civil rights movement Uncovering the various strategies the athletes use to beat back stereotypes Lansbury explores the fullness of African American women s relationship with sport in the twentieth century      **King of the Court** Aram Goudsouzian, 2010-05-01 Bill Russell was not the first African American to play professional basketball but he was its first black superstar From the moment he stepped onto the court of the Boston Garden in 1956 Russell began to transform the sport in a fundamental way making him more than any of his contemporaries the Jackie Robinson of basketball In *King of the Court* Aram Goudsouzian provides a vivid and engrossing chronicle of the life and career of this brilliant champion and courageous racial pioneer Russell s leaping wide ranging defense altered the game s texture His teams provided models of racial integration in the 1950s and 1960s and in 1966 he became the first black coach of any major professional team sport Yet like no athlete before him Russell challenged the politics of sport Instead of displaying appreciative deference he decried racist institutions embraced his African roots and challenged the nonviolent tenets of the civil rights movement This beautifully written book sophisticated nuanced and insightful reveals a singular individual who expressed the dreams of Martin Luther King Jr while echoing the warnings of Malcolm X      The Cambridge Guide to African American History Raymond Gavins, 2016-02-15 Intended for high school and college students teachers adult educational groups and general readers this book is of value to them primarily as a learning and reference tool It also provides a critical perspective on the actions and legacies of ordinary and elite blacks and their non black allies      **Word Warrior** Sonja D Williams, 2015-08-30 Posthumously inducted into the National Radio Hall of Fame in 2007 Richard Durham creatively chronicled and brought to life the significant events of his times Durham s trademark narrative style engaged listeners with fascinating characters compelling details and sharp images of pivotal moments in American and African American history and culture In *Word Warrior* award winning radio producer Sonja D Williams draws on archives and hard to access family records as well as interviews with family and colleagues like Studs Terkel and Toni

Morrison to illuminate Durham's astounding career Durham paved the way for black journalists as a dramatist and a star investigative reporter and editor for the pioneering black newspapers the Chicago Defender and Muhammed Speaks Talented and versatile he also created the acclaimed radio series Destination Freedom and Here Comes Tomorrow and wrote for popular radio fare like The Lone Ranger Incredibly his energies extended still further to community and labor organizing advising Chicago mayoral hopeful Harold Washington and mentoring generations of activists Incisive and in depth Word Warrior tells the story of a tireless champion of African American freedom equality and justice during an epoch that forever changed a nation *Taking a Knee, Taking a Stand* Bob Schron, 2020-04-03 A history of the activism and achievement of African American athletes from Jesse Owens to Serena Williams to Colin Kaepernick who advanced the cause of social justice through their outspokenness commitment and integrity Muhammad Ali refused to fight in a war he believed was immoral Wilma Rudolph retired from track and field to campaign for civil rights Colin Kaepernick took a knee during the national anthem to draw attention to the oppression of black bodies Taking a Knee Taking a Stand tells their stories and the stories of other prominent African American male and female athletes who often risked their careers to fight racial discrimination and promote social justice From Jackie Robinson breaking the color line in major league baseball to NBA great Bill Russell sitting at the feet of Dr Martin Luther King at the 1963 March on Washington to Althea Gibson asserting her tennis dominance at a time when many clubs would not allow African Americans to play on their courts this moving and celebratory history shows how the tradition of black protest in sports has been consistent necessary and organic and that the present crisis of misunderstanding and intolerance demands that this tradition continue as the country struggles toward fairness and equity
